

Christchurch City Council Burwood-Pegasus Community Board Electing 5 Board Members

Mary MCCAMMON

The People's Choice

My principal place of residence is in the Burwood-Pegasus Community Board area.

I have written and performed for children with my husband Kerry for over 30 years, as Natural Magic. For 10 years, I co-ordinated the New Brighton Project, helping to develop the New Brighton Community Gardens, Museum, Art Gallery, Community Markets, Puppetry Festival and Movie Club. I am currently the community development worker at St. Faiths. I am a Green Party member.

I want to represent Burwood-Pegasus to the Council, as a listener and advocate: hearing what local people have to say, learning ways to help with the problems, and supporting the community initiatives that this time of crisis has stimulated.

I will promote Neighbourhood Support and any groups building friendship and fun.

I will lobby Council for affordable, energy-efficient housing, and for cohesive environmental planning for the rebuild.

I am creative and a team player. I am proud to stand with The People's Choice Team.
