7. How much capital expenditure will be spent, on what category of asset, and what are the key capital projects for this activity?	21
8. Are there any significant negative effects that this activity will create?	21

What does the overall Group of Activities do and why do we do it?

We provide strategic policy, city planning and urban regeneration services for the Council and our communities. We support the recovery and ongoing evolution of a resilient city that is better able to adapt to future challenges and take advantage of new opportunities.

Key areas of work include:

- Provide specialised policy and strategy advice to enable the Council to plan effectively for the future.
- Develop, maintain and monitor the Christchurch District Plan which enables the Council to manage land use, subdivision and development.
- Respond to and prepare regeneration plans and strategies in accordance with the Greater Christchurch Regeneration Act.
- Lead policy and strategy for transport to ensure people and businesses can easily to move around the city.
- Work with the community to enable their aspirations for quality places and neighbourhoods.
- Ensure that natural resources are used efficiently and sustainably to meet the needs of today and those of future generations.
- Understand natural hazard risks to be better prepared for future challenges.
- Work collaboratively with our strategic partners at a Greater Christchurch, regional and national level.

1. What does this activity deliver?

- Land use planning
 - District plan
 - Regeneration plans
 - Strategic transport
- Strategic policy
 - Bylaws and regulation
 - Social and economic policy
 - Natural environment policy
 - Resource efficiency
- Urban place-making
 - Urban regeneration
 - Urban design
 - Heritage

- 21st century city
 - Resilient Greater Christchurch
 - Smart City
- Greater Christchurch Partnership

2. Why do we deliver this activity?

The future focus of our policy and planning work touches on almost all aspects of the Council's activities. It provides the strategic framework for the Council's operational activities and supports the regeneration of a vibrant, dynamic and sustainable 21st century city. The statutory planning work fulfils our responsibilities for the sustainable management of natural and physical resources under the Resource Management Act. A vibrant central city, connected with thriving suburban and rural centres, is essential to support business growth and development and meet the needs of the community. An efficient and integrated transport system offering a range of travel choices is necessary to be a globally competitive city with excellent quality of life. A growing population puts a strain on natural resources and it is vital that we work with the community to ensure these resources are used efficiently and sustainably to provide for today's needs and for future generations. The regulatory programme maintains the efficiency and effectiveness of our bylaws – responding to local issues, needs and priorities – to provide for public health and safety and community well-being.

The primary community outcomes that the work contributes to include:

- Great place for people, business and investment
- Sustainable use of resources
- Safe and healthy communities
- Modern and robust city infrastructure and facilities network
- Sufficient supply of, and access to, a range of housing
- Unique landscapes and indigenous biodiversity are valued
- Healthy waterways
- A well connected and accessible city
- Vibrant central city
- Thriving suburban and rural centres
- Celebration of our identity through arts, culture, heritage and sport.

The work contributes to the following strategic priorities:

- Maximising opportunities to develop a vibrant, prosperous and sustainable 21st Century city.
- Enabling active citizenship and connected communities
- Climate change leadership
- Informed and proactive approaches to natural hazard risks
- Increasing active, public and shared transport opportunities and use
- Safe and sustainable water supply and improved waterways.

3. Specify Levels of Service

The Levels of Service, Performance Measures and Performance Targets for the Strategic Planning & Policy activity are provided below. Shaded rows are the levels of service and performance measures to be included in the Long Term Plan. Non-shaded rows are non-LTP management level measures.

Performance Standards Levels of Service	Results	Method of Measurement	Current Performance	Benchmarks	Future Performance (targets)			Future Performance (targets) by Year 10 2027/28	
					Year 1	Year 2	Year 3		
					2018/19	2019/20	2020/21

4. What levels of service do we propose to change from the current LTP and why?

To review changes to levels of service between those adopted for the Amended Long Term Plan 2016-25 (Annual Plan 2017/18) and the draft Long Term Plan 2018-28, refer to [section 4 of the draft Service Plan](#).

Changes in Levels of Service adopted in Annual Plan 2019/20

LoS number	Proposed change	Rationale
5.1.2.1	Convene two city leadership discussions to review progress and recommend actions towards the 10-year goals	Better reflects the active role ChristchurchNZ will take in ensuring progress against Christchurch's 10-year economic prosperity goals
5.1.2.4	Deliver face to face economic update to at least 600 people	Better reflects audience reach
5.1.2.5	Lead or provide significant input into at least 4 cross-agency or cross -industry working groups designed to deliver actions towards the 10-year goals	Better reflects the active role ChristchurchNZ will take in ensuring progress against Christchurch's 10-year economic prosperity goals and supporting collaboration across agencies

5.1.5.1	Facilitate at least 2 opportunities to secure significant innovative businesses or investment into the city aligned with 10-year goals and priority focus areas	Better aligns activity with 10-year goals and needs of economy to transform
5.1.5.2	Support at least 10 start-up/SME companies aligned with priority focus areas	ChristchurchNZ is reviewing its delivery of events in the context of a mature start-up and innovation ecosystem and a shift in central government funding priorities; ChristchurchNZ is focusing its effort on those businesses in post-launch where we can make the most difference, given the maturing start-up support systems in Christchurch.
5.1.7.3	At least 50 famils hosted and 10 trade events led or attended in priority markets	ChristchurchNZ is moving to a more targeted approach to trade partnership activity, focusing on priority markets to achieve greater impact.
5.1.8.2	At least *35% success rate for business event bid	Increasing level of ambition in line with proximity of opening of Te Pae Convention Centre. *Still waiting confirmation of this increase in target from Convention Bureau.
5.1.8.3	Delete this level of service target	Convention bureau activity is business to business activity where website visits is not an accurate or useful measure of effectiveness. The measures of bids made and success rate are sufficient to show the value and volume of activity.
2.8.1.3	Portfolio of events delivered in line with the Major Events Strategy	Better reflects the need to consider Major Events activity has a strategic portfolio across the year and genres, rather than as isolated events.
2.8.1.1	At least one Major Events Seed Funding round delivered per annum	Purpose of advisory group to make decisions supporting major events seed funding decisions. New measure better reflects the purpose of the activity
5.3.1.1	Increase social engagement by 30% year on year Increase clicks to ChristchurchNZ website by 25% year on year	New measures better reflect ChristchurchNZ's ambition to grow audience engagement
5.3.5.1	Monitor month on month narrative toolkit traffic and activity to ensure consistently increasing engagement and usage	New measures better focus now narrative and toolkit are in place, to grow wider community engagement
5.3.5.2	Facilitate quarterly stakeholder engagement and business outreach initiative for nurturing city narrative	New measures better focus now narrative and toolkit are in place, to grow wider community engagement
5.0.16.6	Deliver actions as set out in the Antarctic Gateway Strategy implementation plan	Reflects focus on delivery rather than reporting

5. How will the assets be managed to deliver the services?

Not Applicable.

6. What financial resources are needed?

Refer to the **Activities and Services** section in the most recently adopted [Long Term Plan / Annual Plan](#).

7. How much capital expenditure will be spent, on what category of asset, and what are the key capital projects for this activity?
