DECISION OF THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Quorum.

Chairman: Mr A J Lawn.

DECISION 'ON THE PAPERS'

This application is a short notice application for the granting of a special license for a premise which trades as a 'club'.

The reason for the late notice is to allow the holding of a post funeral function, for which obviously there was no foreknowledge.

The premise has run numerous functions both under specials, and for its own club member's, without any reported issues.

No matters have been raised in opposition in any reports as required by section 141(1), accordingly I deal with the matter on the papers.

I am satisfied as to the matters to which I must have regard as set out in s.142 of the Act and I grant the applicant a special licence pursuant to s.104(1).

The licence will not issue until all relevant clearances have been obtained. The applicant is not entitled to sell liquor until the licence issues. Unlicensed sales can result in imprisonment for up to three months or a fine of \$40,000 (sec 233 (a) and (b) of the Act).

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63.

The applicant must comply with all conditions specified on a licence.

The licence will be subject to the following conditions:-

Liquor will only be sold on the following day and times.

Friday the 7th of February 2014 from 3.00pm to 9.00pm.

Signage must be displayed stating (directly or by description) a place or places on the premises at which drinking water is freely available to customers while the event described is taking place.

The licensee must ensure that the provisions of The Act relating to the sale of alcohol to prohibited persons are observed.

Food must be readily available for consumption on the premises at all times that alcohol is being sold.

Low alcohol beverages must be readily available for sale and supply at all times that alcohol is being sold.

Non-alcoholic beverages must be readily available at all times that alcohol is being sold.

Information about assistance with, or information about, alternative forms of transport must be displayed in prominent areas at all times that alcohol is being sold.

A copy of the licence setting out the conditions to which it is subject is attached to this decision.

ON THE PAPERS DECISION

This application was received by the Agency before the 19th of December 2013 therefore section 407 of The Act is deemed to apply, which means the criteria found under section 105 of The Act must be considered in relation to this application.

The applicant seeks to have the licence endorsed under section 39 of the Sale and Supply of Alcohol Act 2012 and therefore the criteria in sections 101 to 103, 56, 57 and 212 do not apply to this application.

These sections contain the requirements to display signage, publically notify, who can object, Agencies reports and the requirement to have a manager on duty at all times that alcohol is sold or supplied.

In any case the Police and Medical Officer of Health were notified and both reported that they had no objection.

The inspector has furnished a full report, which outlines the criteria for granting a licence under this section and this criteria has been met.

The applicant is a licenced auctioneer.

No matters have been raised in opposition by the Inspector accordingly we deal with the matter on the papers.

No designation is sought for the premises, which is appropriate for type of premises.

I am satisfied as to the matters to which we must have regard as set out in s.105 of the Act and we grant the applicant an Off-licence pursuant to s104(1).

The licence will not issue until all relevant clearances have been obtained. The applicant is not entitled to sell liquor until the licence issues. Unlicensed sales can result in imprisonment for up to three months or a fine of \$40,000 (sec 233 (a) and (b) of the Act).

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63. 231(1).

The applicant must comply with all conditions specified on a licence.

The licence will be subject to the following conditions and all other conditions as identified on the licence.

Liquor may be sold only on the following days and during the following hours:

Monday to Sunday 7.00am to 11.00pm:

Alcohol must only be sold, supplied within the area marked on the plan submitted with the application.

Signage must be displayed stating (directly or by description) a place or places on the premises at which drinking water is freely available to customers, while alcohol is being supplied free as a sample on the premises.

A copy of the licence setting out the conditions to which it is subject is attached to this decision.

DECISION ON THE PAPERS

This is an application by **Tavern Trading Limited** for the renewal of the On and Off-Licences in respect of premises situated at **487 New Brighton Road, Christchurch** known as '**The Bower Tavern**'.

The current license numbers are **060/ON/115/2010** and **060/OFF/12/2010**.

The general nature of the premise is that of a Tavern.

The redefinition is sought due to extensive earthquake damage to the existing building and due to its subsequent demolition. A number of containers have been placed on the site to accommodate a temporary premise.

The application was received by the Christchurch District Licensing Agency before the new Act commenced in December 2013 and therefore I deal with it under section 407 of the Sale and Supply of Alcohol Act 2014.

The original applications to renew both licences were received by the DLA in 2011.

The application was duly advertised and no public objection or notice of desire to be heard has been received.

A waiver is sought due to the delay in publishing the public notices. This is granted.

The premises are still not trading due to building consent issues. The renewal is therefore a 'holding renewal' to allow the premises to retain their licenses.

Given the nature of the devastation caused by the earthquakes, to the premises and the area it is situated in this course of action seems both reasonable and equitable.

No matters have been raised in opposition in any reports by the Agencies accordingly we deal with the matter on the papers.

A menu and Host Responsibility Policy were included on the file.

The Inspector recommends renewal but addresses the issue of the 'default national trading hours' and the need to alter the conditions of the licence, in regards to the Off-licence hours, to comply with these.

In regards to the trading hours and conditions of licence. Section 43(1)(b) sets out the national default trading hours which apply to Off-licences, 8am to 11pm, unless the hours set for the licence are more restrictive.

When read together with section 409(2), on commencement of the new Act the trading hours of all licensed premises must comply with section 43.

The applicant seeks to have renewal with no change in conditions, this can take place with all but 2 conditions, hours and the need to provide water freely to customers.

The new trading hours will be

- ON-Licence, 8am to 1am the following day.
- Off-licence, 8am to 11pm from the bottle store and across any bar.

The conditions below reflect the changes in the Act and therefore those which will be attached to the renewed licenses.

I am are satisfied as to the matters to which we must have regard as set out in s.105 and 106 of the Act and I grant the renewal for a period of 3 years pursuant to s.130.

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63 and 231(1).

The applicant must comply with all conditions specified on a licence.

The licence will be subject to the following conditions:-

Alcohol must only be sold, supplied within the areas marked on the plan submitted with the application.

All areas of the premises are to be 'Supervised'.

ON-Licence.

- (a) No liquor is to be sold or supplied on Good Friday, Easter Sunday, Christmas Day, or before 1pm on ANZAC Day to any person who is not-**
 - (i) Present on the premises to dine.**

Food must be available for consumption on the premises at all times when the premises are open for the sale of liquor, food of a range and style similar to that shown by any menu submitted or a range of snack foods in the nature of pies, sandwiches, filled rolls, pizzas and the like, must be conveniently available for all patrons and the availability of those foodstuffs must be notified to them by appropriate notices throughout the premises.

The Licensee must ensure that signs are prominently displayed within the premises detailing information regarding alternative forms of transport from the premises.

The licensee must implement and maintain the steps proposed in the application for the licence aimed at promoting the responsible consumption of liquor.

The licensee must ensure that the provisions of the Act relating to the sale and supply of liquor to prohibited persons are observed and must display appropriate signs adjacent to every point of sale detailing the statutory restrictions on the supply of liquor to minors and the complete prohibition on sales to intoxicated persons.

Drinking water is to be freely available to customers while the premises are open for business and provided in the manner and location as stated in the application.

DECISION 'ON THE PAPERS'

This is an application for a Temporary Licence made under section 74 of The Act in respect of premises known as '**The Coffee House**' and trading under On-license number **060/ON/105/2007**.

A Temporary Licence is for the continuation of the sale and supply of alcohol under the licence, at another location, (next door, 290 Montreal Street) as the current licenced premises will shortly undergo earthquake repairs.

Originally the applicant sought a redefinition of the licence under the Sale of Liquor Act but as the new Act is now in force the Inspector has advised that this course of action reflects the true intentions of the Act and is the equivalent of the old section 228 Transfer.

The applicant is advised that once the transfer takes place the premises situated at 292 Montreal Street become un-licenced and the new premises becomes licenced.

When the original application sought a redefinition both the Police and medical Officer of Health did not oppose this.

The recommendation of the Inspector is that the transfer be granted from the 10th of February 2014 until the base licence is renewed but not exceeding 12 months.

We are satisfied as to the matters we must have regard to as set out in section 74 of The Act. The Temporary Licence can be issued immediately, as per the Inspector's recommendation, for a period of not more than 12 months.

DECISION ON THE PAPERS

This is an application by **The Duvauchelle Hotel Limited** for the renewal of the On and Off-Licences in respect of premises situated at **6026 Christchurch-Akaroa Road, Duvauchelle** known as '**Duvauchelle Hotel**'.

The current license numbers are **060/ON/3/2009** and **060/OFF/1/2009**.

The general nature of the premise is that of a Tavern.

A redefinition was also sought but this has been addressed in another application, and was granted.

The applications have been delayed due to the rebuilding of the hotel after major earthquake damage.

The application was received by the Christchurch District Licensing Agency before the new Act commenced in December 2013 and therefore I deal with it under section 407 of the Sale and Supply of Alcohol Act 2014.

The application was duly advertised and no public objection or notice of desire to be heard has been received.

The Alcohol Licensing Inspector seeks a waiver under section 208 of the Act due to the delay in the publication of the public notices. The waiver is granted.

No matters have been raised in opposition in any reports as required by section 129 accordingly we deal with the matter on the papers.

The premises is reported to have traded without issue over the past year. This is commendable.

A menu and Host Responsibility Policy were included on the file.

The Inspector recommends renewal but addresses the issue of the 'default national trading hours' and the need to alter the conditions of the licence in regards to the Off-licence hours to comply with these.

In regards to the trading hours and conditions of licence. Section 43(1)(b) sets out the national default trading hours which apply to Off-licences, 8am to 11pm, unless the hours set for the licence are more restrictive.

When read together with section 409(2), on commencement of the new Act the trading hours of all licensed premises must comply with section 43.

The applicant seeks to have renewal with no change in conditions, this can take place with all but 2 conditions, hours and the need to provide water freely to customers.

The applicant addressed the provision of free water in an email to the Inspector.

The new trading hours will be

- ON-Licence, 8am to 1am the following day.
- Off-licence, 8am to 11pm from the bottle store and across any bar.

The conditions below reflect the changes in the Act and therefore those which will be attached to the renewed licenses.

I am are satisfied as to the matters to which we must have regard as set out in s.105 and 106 of the Act and I grant the renewal for a period of 3 years pursuant to s.130.

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63 and 231(1).

The applicant must comply with all conditions specified on a licence.

The licence will be subject to the following conditions:-

Liquor may be sold or delivered only on the following days and during the following hours:

DECISION 'ON THE PAPERS'

This application relates to the seeking of an extension of hours for a premises which already holds a liquor license.

The event is a function for 'College House' to welcome the new students.

The premises is well run and the Inspector holds no concerns re the running of the event.

The hours sought are not excessive but the area is sensitive in that there have been issues with previous licenced premises in the area.

The steps set out in the application to mitigate the escape of noise later in the night and the fact that the patrons are from a known group allows some certainty as to the mitigation of noise escape from the venue.

These measures that are detailed in the application to mitigate noise issues are to be read as conditions of the licence. Specifically the employment of 3 security, the closure of the outside area at 11pm and the turning off of the outside speakers at the same time.

DECISION 'ON THE PAPERS'

This application is in relation to the running of an 'Underage Dance Party' to be held at a licenced premises.

The special licence is sought to 'undesignate' the entire premises so minors can be on the premises unaccompanied. The main mitigating feature is that no alcohol will be on display or sold during the event.

The hours of the event are during the premises normal trading hours.

The main condition which will be applied to the premises is that the entire premises will be cleared of patrons and a stand down period of 30 minutes will be imposed so the premises can trade for normal business at 10.30pm.

This will allow the underage patrons to disperse to some extent and not be less tempted to either stay on the premises or in the immediate vicinity.

The undertakings contained in the application should be read as conditions of the licence.

No matters have been raised in opposition in any reports as required by section 141(1), accordingly I deal with the matter on the papers.

I am satisfied as to the matters to which I must have regard as set out in s.142

of the Act and I grant the applicant a special licence pursuant to s.104(1).

The licence will not issue until all relevant clearances have been obtained. The applicant is not entitled to sell liquor until the licence issues. Unlicensed sales can result in imprisonment for up to three months or a fine of \$40,000 (sec 233(2) (a) and (b) of the Act).

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63.

The applicant must comply with all conditions specified on a licence.

The licence will be subject to the following conditions:-

Compulsory conditions – section 147(3)

The following conditions are compulsory:

(a) NO Alcohol may be sold under the licence on the following days and during the following hours:

Friday the 21st of February 2014 from 6.00pm to 10.30pm.

(b) Drinking water will be freely available on the premises as specified in the application:

Quorum:

Chairman: Mr A J Lawn.

DECISION ON THE PAPERS

This is an application by **Crystal Sunwook Jang** for the renewal of the On-Licence in respect of premises situated at **115 Worcester Street, Christchurch**, known as **‘Seasons Café’**.

The general nature of the premise is that of a café.

The premises is regarded as a small low risk premises which seats approximately 45 patrons.

As has become the norm in Christchurch a number of licenced premises have had to remain shut due the earthquake. This premises is located in ‘Cathedral Junction’ and is in the central city where major retail disruption took place.

Waivers are sought due to the late application for renewal and also the late publishing of the public notices.

I am satisfied that both these omissions are not wilful and given the circumstances of uncertainty surrounding the premises I grant the waivers.

The only conditions which the Inspector recommends changing are those which are compulsory under the new Act regarding the availability of water, and its advertisement within the premises, and the reduction of the trading hours to reflect the new default maximum trading hours in the new Act.

The current hours are Monday to Sunday, 7.30am to 9.00pm. These will be reduced to Monday to Sunday 8.00am to 9.00pm. This reflects the change in legislation.

The application was received by the Christchurch District Licensing Agency before the new Act commenced in December 2013 and therefore I deal with it under section 407 of the Sale and Supply of Alcohol Act 2014.

The application was duly advertised and no public objection or notice of desire to be heard has been received.

No matters have been raised in opposition in any reports as required by section 129 accordingly we deal with the matter on the papers.

I am are satisfied as to the matters to which we must have regard as set out in s.105 and 106 of the Act and we grant the renewal for a period of 3 years pursuant to s.130.

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63 and 231(1).

The applicant must comply with all conditions specified on a licence.

The licence will be subject to the following conditions:-

Compulsory conditions – section 110 (2)

- (a) No Alcohol is to be sold on the premises on Good Friday, Easter Sunday, Christmas Day, or before 1pm on ANZAC Day to any person who is not present on the premises to dine.**

DECISION 'ON THE PAPERS'

This is an application for a Temporary Authority made under section 136 of The Act in respect of premises known as 'La Famia Accommodation and Function Centre & Jessies Bar & Bistro' and trading under ON- license number 060/ON/177/2009.

This is the second Temporary Authority that has been applied for by the applicant and is required, from what we have been told, due to resource consent issues.

A Temporary Authority was granted on the 2nd of October 2013 by the Christchurch City DLA. That Temporary Authority expired on the 7th of January 2014 and no application was made before the expiry of that Temporary Authority. The premises is currently unable to sell alcohol.

The base licence had an expiry of the 9th of December 2013 and a holding renewal has been paid for to keep the base license current.

It appears from the application that there is only one qualified manager running the premises and that she is also the overall day to day manager for the premises. From our experience this is less than ideal for a premises such as this.

With the lapse of the first Temporary Authority and this being the second Temporary Authority a question of 'suitability' must arise.

If there are genuine matters that are holding up the application for a new licence then they need to be explained in detail to the Committee so we can give them due consideration.

It is the opinion of the Committee that at least one of the Directors must complete the General Managers course as soon as possible so that they gain some understanding of the legislation under pinning the sale and supply of alcohol to the public and so they also have some comprehension of their responsibilities under that legislation.

The granting of Temporary Authorities is based on the premise that they are 'Temporary' and are a vehicle to allow the purchaser of a business time to apply for a permanent licence.

The applicant is on notice to make sure that an application for a new licence is made in a timely manner as this Temporary Authority is for a period of no more than 3 months. A detailed explanation will be needed if there is to be any further Temporary Authorities granted.

The applicant fulfils the criteria for the granting of an authority as set out in the Act, they have tenure and proof of purchase has been supplied.

There is no opposition from the Licensing Inspector or The Police to the granting of this Authority.

We are satisfied as to the matters we must have regard to as set out in section 136 of The Act.

The applicant's attention is drawn to section 136(5) of The Act where it states that they carry "the same duties, obligations, and liabilities as the holder of the on-license" and also to section 110(2)(C) of The Act in relation to the condition of the license that "drinking water is to be freely available to customers while the premises are open for business".

of an application by **BING BAR LIMITED** for an ON-Licence pursuant to s.99 of the Act in respect of premises situated at **271 STANMORE ROAD, CHRISTCHURCH**, known as '**JANE'S BAR AND CAFÉ**'.

THE CHRISTCHURCH DISTRICT LICENSING COMMITTEE

Chairman: Mr A J Lawn.

DECISION ON THE PAPERS

Introduction

This is an application by **Bing Bar Limited** for a new On-Licence in respect of premises situated at **271 Stanmore Road, Christchurch**, known as '**Jane's Bar and Café**'.

The general nature of the premise is that of a Tavern.

The application was received by the Christchurch District Licensing Agency on the 16th December 2013, which means that the application must be considered under the transitional provisions of the new legislation, section 407 of the Act.

The applicant company traded in the same area for some 8 years before the first of the two major Christchurch earthquakes of 2010 and 2011. The premise was located

at 325 Stanmore Road previously and was under a similar trading name, 'Jane's bar and Bistro'.

Due to substantial earthquake damage the premises were closed and a temporary licence granted to allow the premises to trade at its current location, 271 Stanmore Road. The temporary licence expires on the 28th of February 2014.

Issues raised in reports from the Reporting Agencies.

Whilst no matters were raised originally by the reporting agencies under section 103, due to 'issues' being found on the premises during a routine monitoring visit on the 31st of January 2014, both Police and Community and Public Health sent amended reports opposing the granting of the new On Licence.

The issue found on the monitoring visit was that the sole director shareholder, who was the acting duty manager, was consuming alcohol whilst on duty and showed signs of intoxication. This is a serious issue and no wonder the agencies amended their reports.

The Inspector and Police met with the applicant, who was greatly disturbed by his actions. It is the opinion of all reporting agencies that this is an isolated incident and that he has learnt from the incident. The agencies then reviewed their positions and withdrew their oppositions independently.

As the opposition to the application has been withdrawn by Police and Community and Public Health, and the Alcohol Licensing Inspector has supported the application, the matter can be dealt with 'on the papers'.

The Committee's Decision and Reasons.

This committee relies heavily on the information and judgement of the reporting agencies and it is clear that they are now satisfied that this issue has been addressed and that suitability is now not an issue.

Although the applicant is Bing Bar Limited, the alter Ego of the company is Steven John Butcher.

The fact that the licensee, acting as the duty manager, shows such flagrant disregard for the object of the Act, and undermines by his actions this object, is of great concern.

The applicant can be very thankful for the faith that the reporting agencies have placed in him. Having said that it is the committee which must weigh the application in the light of reports and then make a decision that is mindful of the principle and object of the Act.

The Inspector has stated that she believes training by Community and Public Health staff is necessary and so is the gaining of a manager's certificate by the licensee. I give weight to these suggestions and take them further.

It is a concern that the licensee does not hold a managers certificate and is also carrying out the training of his staff.

Under section 117(1) of the Act the licensing Committee may issue any licence subject to any reasonable conditions not inconsistent with the Act. Subsection (2) goes further and states "The generality of subsection (1) is not limited or affected by any other provisions of this Act.

It is with that in mind we make the following conditions.

The Inspectors report mentions that Mr Butcher intends to be a 'hands on' licensee. That being the case this committee will make it a condition of the licence that he must obtain a managers certificate within 3 months from the issue of the license and report such to the Alcohol Licensing Inspector.

In regards to the training aspect the committee believes that it would be very wise for the applicant to seek the training services of Community and Public Health and that this be done within the same 3 month period that a managers certificate is being gained.

If these matters are not attended to before the required time then it is expected that the matters would be raised at the renewal of the licence in 1 years time or a rehearing sought by the Alcohol Licensing Inspector.

Trading Hours.

The application seeks hours of 7.00am to 11.00pm but as the new 'default national trading hours' are now invoked the hours will be 8.00am to 11.00pm.

No issues have been raised by the agencies in regards to sections 105 of the Act.

The application was duly advertised and no public objection or notice of desire to be heard has been received.

I am are satisfied as to the matters to which I must have regard as set out in s.105 and 106 of the Act and I grant the licence for a period of 1 year pursuant to s.104.

The applicant's attention is drawn to s.259 of the Act which makes it an offence to not comply with certain requirements and restrictions imposed by or under this Act. Specifically sections 46 to 63 and 231(1).

The applicant must comply with all conditions specified on a licence.

The licence will be subject to the following conditions:-

Compulsory conditions – section 110 (2)

AND

IN THE MATTER of an
application pursuant to s.136 of
the Act for the granting of a
Temporary Authority issued to
JOCARL HOLDINGS LIMITED
trading as '**THE IRISH PUB**' and
situated at **17A London Street,**
Lyttelton.

COMMITTEE**

DECISION 'ON THE PAPERS'

This is an application for a Temporary Authority made under section 136 of The Act in respect of premises known as 'The Irish Pub' and trading under ON- license number 060/ON/15/2009.

This is the first Temporary Authority that has been applied for by the applicant and is required so they can carry on the business whilst they apply for a substantive licence.

The applicants seek to start trading on the 1st of April 2014 but the Temporary Authority is required urgently due to notice having to be given to staff.

A sale and purchase agreement has been supplied along with a letter from the Landlord stating they have tenure of the premises..

The granting of a Temporary Authority is governed by section 136 of The Act and outlines the criteria for the making of an order authorising the applicant to carry on the sale and supply of alcohol for a period not exceeding 3 months.

The applicant fulfils the criteria for the granting of an authority as set out in the Act.

There is no opposition from the Licensing Inspector or The Police.

The business usually trades as a tavern.

We are satisfied as to the matters we must have regard to as set out in section 136 of The Act

The applicant's attention is drawn to section 136(5) of The Act where it states that they carry "the same duties, obligations, and liabilities as the holder of the on-license" and also to section 110(2)(C) of The Act in relation to the condition of the license that "drinking water is to be freely available to customers while the premises are open for business".

DATED at CHRISTCHURCH this 28th day of February 2014

A handwritten signature in black ink, appearing to be 'A J Lawn', written in a cursive style.
