

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
2741	L Gourlie			Yes	Warren Park		As far away from Hornby Mall as possible, too many issues around traffic and parking. Note Hornby Mall traffic planning - none evident - who puts a carpark exit and entrance within metres of traffic lights?
2740	Robyn Rushton			Yes	Kyle Park	or Warren Park	We need to leave Denton Park as it is a Sports facility for cricket, rugby, touch, soccer, cycling, softball, clubrooms. Already have a traffic problem around the mall area.
2739	Gail Peacock			Yes	Kyle Park	or Wycola Park	As a community I believe we need to keep the current facilities as they are in Denton Park. -Above parks can accommodate the co-located facility -Easy access from all areas of the city -Takes traffic away from the already congested Chalmers St and Hornby Mall
2737	Robert Owen Bain			Yes	Kyle Park		Easy access
2736	E McKerras			Yes	Kyle Park		Currently Kyle Park is under utilised. Public activity would hopefully reduce perceptions of negative behaviour in the area. Maybe alternatives to underpass would be considered.
2735	Glenda Hardie			Yes	Kyle Park		My grandchildren and I often use the Halswell Leisure Centre. I feel it would be an asset to the Hornby Community
2734	Gary McLauchlan			Yes	Kyle Park		It is close to the Schools which could use it also close to a Main Rd, and walking distance to Hornby Mall
2695	Kevin Dorgan	Hornby Rugby Club	Patron & Life Member	Yes	Kyle Park		
2691	Kevin Collier	Sport Canterbury	Spaces and Places Consultant	Yes	Denton Park		Sport Canterbury would actually advocate for a HUB as opposed to co-location of the two facilities. The major difference being that a hub has shared common structures (toilets, car parking etc) whereas co-location of facilities can mean the location of two completely buildings on the same site and therefore not sharing any facilities at all. A hub would provide the following benefits: 1. Maximises effectiveness of the capital investment. 2. Reduces total operational costs 3. Enables shared use of common structures such as car parks, meeting rooms, toilets etc. 4. Enables synergies between services

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
2691 <i>contd</i>							<p>5. Reduces the barrier of travel that can reduce participation.</p> <p>Should such a large component of the budget need to be spent on land remediation at Kyle Park this would significantly reduce the budget available for the actual build and therefore would only allow a smaller facility to be built. There would be no land remediation required for a build on Denton Park.</p> <p>This, along with the understanding that the existing sports ground users at Denton Park would be accommodated for lost capacity should the community facility be built there, would on balance make Denton Park a better option of the three preferred sites put forward for location of the new facility.</p>
2689	Details removed			Yes	Denton Park		Close to other key facilities and transport routes. Higher profile site likely to increase knowledge of facility and therefore usage
2684	Margaret Ann Henderson			Yes	Denton Park	Denton Park or Kyle Park	Easy access, need lots of parking, near buses. I could walk there
2676	Tony Biland			Yes	Denton Park		It is the only site that connects well for pedestrians with the Hub and Public Transport
2666	Pueden Maal			Yes	Kyle Park		Close to Hornby mall and bus services within walking distance and good roads for carpark and plenty of carparks!!
2660	Lisa & Justin Chapman			Yes	Denton Park		The most accessible site too
2646	Laura Leary			Yes	Kyle Park		This is a largely disused piece of land. It is close to schools and the Hornby Hub and would provide for parking options for the facility
2610	Christine Parker			Yes	Denton Park	I believe Denton Park is the most suitable site as there is room for all facilities	Not only is it suitable for the combined library, pool and service centre, but it is central and near the bus exchange and the Hub.

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
2568	Mark Coppel			Yes	Denton Park	Denton Park	Best street visibility Best access to bus services Within walking distance of poorer areas (eg Hei Hei), more residents in Wigram have more transportation options Works in well with shopping - creating a true suburban hub Further (than Warren Park) from existing hub in Halswell
2555	Rubecca Soper-Hazlett	Dress-Smart Hornby	Centre Manager	Yes	Denton Park		Denton Park is the winner for me, the other locations have challenges that would be difficult to overcome to make this project work. Keeping it all together makes sense operationally and financially to me and builds onto the current Hornby Hub of retail and services.
2554	Pa Squire			Yes	Kyle Park	better place	Kyle Park is not used at the moment, it also offers better access
2550	Bronwyn Larsen	c/o Community and Public Health, CDHB		Yes		Please see formal submission attached.	
2543	Jeanna Hoff			Yes	Denton Park		
2536	Sandra Rogers			Yes	Kyle Park		Ease of parking. Walking distance to mall and bus stops. Close to schools so they use it. Near main road.
2532	Glenda Barnes			Yes	Denton Park		Access.. on a bus route can be walked to from the Kyle park area via the underpass...this could be further developed so school kids from surrounding schools can walk through Kyle park to Denton park. I don't think Kyle Park being ex rubbish tip has the ability to be changed!
2531	Mandy Hawkey			Yes	Kyle Park		- Fantastic opportunity to upgrade Kyle Park and the park's connection to Hornby Hub. - Kyle Park is in desperate need of remedial work following the fencing off of parts of the park after the discovery of asbestos in some areas. The park has
2530	Karl Henderson			Yes	Denton Park		It's close to buses and car parks and shops
2507	Kim Whiteside			Yes	Kyle Park		

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
2504	Simone Gale			Yes	Warren Park		<p>The Wigram base is growing rapidly and it would be great to continue to support this area with a new leisure / services centre. I appreciate that additional public transport would be required however I see this as only adding to the new residential and commercial development at Wigram. In contrast, the two other sites are in already busy zones making access due to traffic problematic.</p> <p>Barrington Mall and Pioneer Stadium are positioned well, making for a hub of activity in one area but not being so close that accessing them is too hard. I believe Warren Park and the Hub/Outlet Mall could offer the same combination.</p> <p>Warren Park is also the safest option (re crime rates) and I would therefore feel more comfortable using services at this site.</p>
2500	Barbara Withers			Yes	Kyle Park		If it has to be all together then a short distance from the HUB - Hornby would be best to ease traffic congestion
2498	Boey Lau			Yes	Warren Park		Traffic will be an issue if the Lib/Leisure Centre is located at Denton or Kyle Park - as there is already a lot foot traffic with the shopping hub across the other side.
2497	Jan Henderson	Hornby Rugby Club	Supporter	Yes	Kyle Park		<p>Or any space left after school closures.</p> <p>Leave the rugby where it is at Denton park, as in the summer the cricket also use the ground plus our housie night every week as it is Central.</p> <p>Plus I can't see the same facilities being provided if moved</p>
2494	Sam Bunn	Halswell United AFC	General Manager	Yes	Denton Park		Denton Park is close to other amenities, bus service and away from large residential area. An integrated Hub makes it easier for the community to do everything in the one place
2476	Andrew Leary			Yes	Kyle Park		The library would be good for the two schools across the road from Kyle Park and you got more parking
2475	Diana Laura Beth Clifford			Yes	Kyle Park		
2473	Patricia Leary			Yes	Kyle Park		Denton & Warren Parks are established sports fields in Hornby which should be kept for that use. Kyle Park has free land that is not used for sports etc for a possible new building. Must keep the BMX track and build on the free land as there is plenty of unused land.
2471	Lisa & Justin Chapman			Yes	Denton Park		The most accessible site to Public Transport & surrounding services & main arterial routes

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
2466	Lyn Whitt			Yes	Kyle Park		It will be a awful shame for the rugby and cricket club to loose there grounds and also they are shared by the local netball club, plus softball in the Summer they hold there Easter tournament there every year have done for the last 20 yrs. Not to mention what you are taking away from our kids and our future generations
2431	Jennifer Walker			Yes	Kyle Park		Kyle park is within walking distance for many in the area, the elderly and families. It is located close to the high school, primary schools and local preschools and kohanga - they can all work there. It is easy walking distance from bus routes. The leisure centre is so needed for the communities youth. There is nowhere for them to hang out in a positive manner. Sockburn pool was awesome for this in summer, kids kept busy and not getting into trouble.
2429	Adrian Dinnissen			Yes	Warren Park		<p>1. The Hornby Hub area is already at its limit as far as traffic is concerned, the connecting street are very narrow around Denton park and adding more congestion is not a problem that has many practical solutions.</p> <p>2. Facility parking around Denton or Kyle would most likely be overused by people using the remaining sports ground or people working at Hornby.</p> <p>3. Warren Park, although seeming to be dislocated from much of Hornby does have several benefits.</p> <p>a. Traffic congestion at this site is much less of a problem, and is also much easier to alleviate with major roads still have capacity for extra traffic.</p> <p>b. Wigram Skies, Awatea Green, Platinum Grove, Broken Run, Awatea Park, Brusio Estate, Knights Stream and Longhurst represent a huge amount of housing development within 2.5km of the Warren Park Site, the pool especially would be great for these areas to access while still encompassing the Hornby area.</p> <p>c. Both South Hornby School and Wigram School would be greatly positioned to make use of the facility.</p> <p>d. the Ministry of Education also have plans for a further school located at Knight Stream this also will be able to make great use of the facilities.</p>

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
2425	Helena Dinnissen	Wigram Primary School	Innovation Consultant	Yes	Warren Park		<p>I believe Warren Park is the best choice if we look at the area going forward. Though the other two sites are closer to some other destinations such as shopping precincts. The transport logistics around Kyle and Denton Park would be very costly to negotiate. Denton park is already in a difficult position transport wise, with this arterial route into Christchurch only ever going to get busier. Kyle Park wouldn't provide enough space for a great centre if suitable transport routes and parking were to be provided for on site. The loss of key services that those two sites provide would be a very great cost to the communities who use them, especially Denton Park. Warren park is more central to where new housing and development is occurring. It would seem to me that adapting bus routes to cater for Warren Park would be less costly than potential road upgrades needed for the other sites.</p> <p>Warren Park would also be a great option for the students and community of the soon to be built Wigram Primary School. With the children and staff moving from the larger Sockburn Primary School site that has a pool, to the smaller Wigram Site that has to cater to a role of 500, they are losing some of their great facilities. Having a pool, library and other community facilities, within a safe walking distance of the new school site would be a great asset to this school community.</p>
2419	Jenny Snook			Yes	Kyle Park		<p>I feel that Kyle Park would be more suitable than Denton or Warren Park.</p> <p>There is walking access from the back of the Hornby Hub - via the railway underpass making it easy for those wanting to walk to the facilities. Bus services are close as well. I also feel there would be less traffic congestion around Kyle Park.</p> <p>Whereas Denton Park site would have a lot more traffic congestion - there is already a lot of traffic congestion around the Hornby Hub and McDonalds areas now. So this would become a bigger problem.</p> <p>Warren Park is too close to the Halswell Facilities. It would also be a longer distance for elderly to walk or catch buses to get there.</p>
2373	Rema Krishnan			Yes	Denton Park		<p>Denton Park is closer to the existing Hornby Library and it is closer to Hornby Hub and easier for public transport also will be easier to locate and more visible.</p>
2371	Ramakrishnan Mukundan			Yes	Denton Park		<p>The Hornby area is a fast developing area and currently there is no leisure centre in the area. The most suitable place for a leisure centre would be adjacent to the library.</p>

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
2370	Ian William McGregor			Yes	Denton Park		This is the daily hub of Hornby residents and the life line to living in an ever changing world of shopping etc. Being a ratepayer and since the close of Sockburn Service Centre, again we have to use other centres outside our area to get service and for families to further their knowledge. Again it is where the hub of our daily chores begin, shopping and services and with the ease of parking this leisure centre would thrive and complete the way families can grow.
2369	Judy Reed			Yes	Denton Park		Keep central
2368	Joyce Valmai Dunn			Yes	Kyle Park		Because there is plenty of room. Won't add to the already congested traffic around Hornby shopping area but close enough.
2355	Ann Edwards			Yes	Denton Park		
2342	Athur Edwards			Yes	Denton Park		Central hub of Hornby for all local residents of all ages including main bus routes and parking
2303	Andrew Clarke			Yes	Kyle Park		This is a redundant area. It is close to schools and also won't cause the transport and parking issues that will be occur at Denton. Denton is also a help usage area that would displace many. It is the same at Warren.
2278	Kingsley Sampson			Yes	Denton Park		It ticks all the boxes about proximity to transport, central location, ease of access and so on. It is the best of three not entirely suitable options. All have difficulties associated with them but this one has the least. Hindsight is a wonderful thing but it's a shame that some of the land adjacent to the current library that has recently been used for social housing wasn't set aside for this project. Then the angst about loss of sports fields at Denton Park would have been avoided.
2222	Natha Eveleigh			Yes	Kyle Park		No to Denton Park!
2221	Graeme Langley	Hornby Rugby League	Committee member	Yes	Kyle Park		No to Denton Park!
2216	Michael Stoddart			Yes	Kyle Park		No to Denton Park!
2214	Joseph Maea			Yes	Kyle Park		No To Denton Park!
2210	Helen McIlroy			Yes	Denton Park		It would be an idea place for the Residents from Yaldhurst through to Templeton.

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
2209	Helen Howden			Yes	Kyle Park		Kyle Park is not crowded out by commercial business. Easy to access Waterloo Road, plenty of parking space, very attractive area, not too busy with people or traffic, close to Hornby Hub. Warren Park is too far away. Denton Park is a nightmare traffic wise - very crowded busy esp rush hour traffic.
2208	John Gale			Yes	Warren Park		Warren Park is the largest site and as such it would have the least impact on the park. It is also a sports hub and has quite a bit of off street parking already. All the other sites are smaller, already have multiple uses and limited parking. Additional facilities would put added strain on them.
2207	Heather Robertson			Yes	Kyle Park		Not on the main road or by the shopping mall - but within walking distance and public transport.
2206	Keith Meyer	Hei Hei Pharmacy	Community Pharmacy	Yes	Kyle Park		Has most room for development close to Hornby hub. Denton park would have been 1st choice but the traffic flow is so bad at times it would stop me using library.
2204	Lynette Harris			Yes	Denton Park		Ease if access to The Hub
2201	Beer Panwar			Yes	Denton Park	Very easy to find	If located at dental park public can visitor can find quick and close to the business point safe place and can get more business because lots of people do most of paper work at library and people shopping in the town they would not like to drive away from the town to get library.
2196	████████			Yes	Kyle Park		It would be close to home, school (Hornby High School), and Hornby Mall - easily accessible.
2180	Nova Mayo			Yes	Kyle Park		handy to 4 Schools, Easy acent, promised to us as school children in 1952 by Paparoa Council
2179	Timothy Patrick Moynihan			Yes	Kyle Park		Handy to the Hornby Hub. A lot of space for the Library, customer Services & the Leisure centre
2178	Marina Coles			Yes	Kyle Park	Wycola Park	Hornby High School would benefit from the pool, and the Sports Groups. Everyone would benefit from the Library and the customer services centre. The traffic around the Hornby mall at the moment is terrible, Kyle park is wasted not being used. The L/CS/LS is a no brainer at Kylie park.
2170	Mark Peters			Yes	Warren Park		Warren Park is the best location with ample space available. Denton Park is not a suitable site due to existing sports uses. Kyle Park is not suitable as it will cost more to build due to previous landfill remediation costs.
2011	Ann Kimber			Yes	Denton Park		Close proximity to Public Transport. Initial and on-going cost savings with all facilities being on the one site.

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
1944	Fiona Bennetts			Yes	Warren Park		Large site allows for optimal configuration and car/bike parking facilities. Developing residential area. Safer area than Denton/Kyle Park. Not competing for car parking with other facilities (track, shopping, BMX track).
1939	Geoff Holland	Self and Mas Oyama Kyokushin Karate Dojo Christchurch Charitable Trust	Trustee	Yes	Denton Park		<p>Declaration of Interest</p> <p>I am submitting this primarily as a local resident.</p> <p>However, I am also a Trustee of the Mas Oyama Kyokushin Karate Dojo Christchurch Charitable Trust which uses the Scout Den in Denton Park. The Dojo is very much an affected party, but at this stage there are insufficient details available to comment on how the Dojo may be affected except in a very general way. The Dojo is flourishing and we would like to continue providing this facility for the youth in this area.</p> <p>The Trust requests that once the decision has been made about the location of the proposed facility we be officially regarded as an affected party and that we be included in any discussion about options, needs, etc. that may affect the Dojo.</p> <p>Introduction</p> <p>Only one of the options presented for the Hornby Library and Customer Services, South West Leisure Centre makes any sense, Denton Park.</p> <p>Since the earthquakes there has been a large shift of population, and of commercial and industrial activity towards the western areas of the city, and beyond. This has resulted in a significant increase of activity in the Hornby area. There needs to be holistic and realistic long term planning for this change.</p> <p>This proposal indicates that the Council is taking this matter seriously.</p> <p>The option that is the most practical, and that provides the greatest benefits must be the option selected, and any negative consequences to affected people and organisations will need to be managed to minimise these effects. Opportunities will exist.</p> <p>Context</p> <p>The Hornby/Wigram/Islington commercial and light industrial area has become a major attractor of people and goods. This has been occurring for many years, but in the last few years the process has accelerated hugely.</p>

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
1939 <i>contd</i>							<p>The Hornby Commercial area has for many years been the regional commercial and cultural centre for western Christchurch. Partly because of this, infrastructure has evolved to provide good access for people to this area. The Hornby intersection is the key junction in the area, and the road network in the surrounding area and beyond reflects this. There is good road access to the area from north, south, east and west. Public transport routes converge on the centre. Cycling facilities and pedestrian facilities have been developed, including the underpass linking Kyle Park and Denton Park. There was even a proposal for a Hornby Station in the unsuccessful attempt to revive passenger rail for Christchurch.</p> <p>General Comments</p> <p>The proposed Service Centre needs to be associated with the Hornby commercial activity centre, allowing for sharing of parking, transport, and social activities. The whole area can become a key facility for the western areas of the city, providing a wide range of retail, community, cultural, recreational, dining and social activities. It is the best fit with the Council philosophy of a Citizen Hub Strategy</p> <p>Hornby commercial area is now big enough to have real momentum that will focus growth here, and any reasonable alternative, i.e. Riccarton, is some distance away. Church Corner or Sockburn Park are too close to Riccarton and too remote from Hornby to be considered.</p> <p>The sports clubs presently at Denton Park will have some level of existing use rights. There may be potential to establish a shared, multi-purpose facility, either here, or elsewhere.</p> <p>Denton Oval would be a major effort to move. Logically it would remain at Denton Park. It is good to see that the central area is used for non-cycling activities.</p> <p>There is space behind and to the west of Denton Oval. There is access to this area from Kathleen Crescent as well as from Chalmers Street. This space may provide opportunities for development for sporting activities that require less space, e.g. martial arts.</p> <p>Rugby and Cricket are the other two main users of the ground. Each of these activities has its own clubrooms. These sports generally operate at different times of the year, and obviously sharing of the open space already happens. There may be opportunities to gain real synergy between these two activities.</p> <p>Typically sports people do not take public transport to training or to club games, or other events. Broomfield Common is not too far distance and is currently not extensively used, and may be an option. Parking would need to be dealt with.</p>

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
1939 <i>contd</i>							<p>Details</p> <p>Denton Park</p> <p>It is immediately adjacent to a major, well-established commercial, cultural and Governmental centre. Good opportunities for synergy with existing commercial activities may exist.</p> <p>It is a best fit with the Council philosophy of a Citizen Hub Strategy. It reinforces Hornby as a complete social purposes hub.</p> <p>It is very close to the location of the existing library and community centre, there needs be little disruption to users of this facility.</p> <p>There is excellent access from all directions. Private car, public transport, cycling and pedestrian traffic are all provided for.</p> <p>Parking could be coordinated through to the Hornby Hub and the Hornby Club.</p> <p>The western end of the mall area would be opened up creating a more attractive approach from this direction for cycling and pedestrian traffic.</p> <p>Issues with sports clubs and their existing use will require careful management to reduce negative impacts on these bodies. It is an opportunity for sports clubs to plan together and to develop for the future.</p> <p>Kyle Park</p> <p>There are significant land issues- previously landfill.</p> <p>There is poor access from all but Hei Hei, Broomfield and Yaldhurst areas.</p> <p>It is close to three schools. This may add to traffic issues around schools.</p> <p>There is poor connection to any other activity centre - South Island Main Trunk rail on south boundary, (cycle and pedestrian underpass only).</p> <p>It is primarily a residential area, (industrial on eastern boundary).</p> <p>There is a small wetland that provides a touch of nature to an otherwise fully urbanised environment, and any increase in activity would diminish this amenity.</p>

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
1939 <i>contd</i>							<p>There may be opportunities for a shared facility with schools, particularly Hornby High.</p> <p>Warren Park</p> <p>There is poor access, private car is realistically the only option.</p> <p>It is not on any bus route.</p> <p>It is remote from any other activity centre.</p> <p>It is in a residential area. Increased traffic and parking will reduce the amenity of the area.</p> <p>Increased activity will result in greater load upon local road network.</p> <p>There are planning classification issues.</p> <p>Conclusion</p> <p>There is only one realistic option for this proposal Denton Park, and I hope that the Council decides favorably on this option.</p> <p>There will be some impacts on four sports clubs in the park, but this is an opportunity for these groups to look to the future in the wider context of the changes in the west of Christchurch. Opportunities will exist.</p> <p>This is a community issue. The Council has skilled, experienced staff who work closely with the community, and provide invaluable help, support and advice. I see this group as key to the success of this proposal</p>
1938	Colin Dunn			Yes	Kyle Park		<p>Will not add to the already congested traffic around the Hornby mall area.</p> <p>A one way road link could be made under the railway taking traffic away from Chambers St to Waterloo Rd.</p>
1927	Adam Henderson			Yes	Kyle Park		<p>Have everything in one place. Easy.</p>

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
1926	Anne Hagerty			Yes	Kyle Park		It seems a no brainer to me. These facilities should be located away from the traffic congestion of the Hornby Mall and where the pool could be most used, across the road from two schools and leaving room for buses to bring other schools to functions etc. Note - Denton Park is too well used by established organisations and should not be relocated. Just imagine the accidents and near misses with increased traffic in this small area, and lets face it most people will be travelling by car.
1925	Mark Coulbeck			Yes	Kyle Park		Kyle Park is currently mainly used by the bmx club which are only in a small section on the park so building the library and leisure centre here would not have such an impact on people already using the park. This park is across the road from the primary and high schools and they would be able to get a better benefit from the facilities being close to their grounds.
1924	Sarah Arnold			Yes	Kyle Park		Kyle Park is not going to have such an impact on sports clubs. The schools would be able to benefit with the facilities being across the road. There would not be such an impact on traffic and would be easier to access
1920	████████			Yes	Denton Park	Denton Park	Will be safe for me and friends to go to from bus stop
1918	Lewis Allan			Yes	Kyle Park		Because the other 2 are already perfect parks that everybody uses
1899	Kerry Wells			Yes	Denton Park	Denton Park	It is the heart of Hornby and the correct location for a facility that will service the Hornby and wider community, and all demographics in it apose to a select few.
1884	Shane Buckner	Canterbury Track Cycling Inc.	Chairperson	Yes	Denton Park		The existing cricket field of Denton Park, facing onto Main South Rd, is the most accessible of the three sites proposed, with good access to public transport and encouraging multi-purpose trips to the area, thus minimising car use and encouraging as many users as possible for the library and leisure facilities. However Canterbury Track Cycling Inc. endorses Denton park with the caveat that this site only proceed with provision of adequate parking, serving not only the service centre and leisure facility, but also Denton Park's league field and the velodrome. Track cycling is a sport that requires considerable equipment that cyclists bring with them every time they ride and race, and this equipment cannot be stored at the track. Track bikes are not road legal so our riders must drive to track with their bike, but also bags, and ergs or rollers, which are heavy and cumbersome to carry. It is not feasible to carry such equipment from on-street parking; the sport depends on on-site parking. Without car parking that caters for users of both facilities, and parking that is available nearest the track for use of track cyclists, any new development in the vicinity will cause serious disruption to the sport which already has its home at Denton. Denton park Velodrome is the only one in Greater Christchurch, and in fact has riders every week who travel from as far as Timaru to race. Our summer Carnival attracts cyclists from throughout New Zealand.

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
1883	Lucie Novotna			Yes	Denton Park		Close to Mall and public transport
1881	Tania Jones			Yes	Warren Park		Warren park has a lot of room
1866	Adrienne & Graham Mehrtens			Yes	Kyle Park		Close to schools e.g. Hornby Primary, Hornby High, St Bernidetts, Gilberthorpes, as these groups would make more use of the centre, better parking and entry to centre
1864	Details removed			Yes	Denton Park	Denton Park	<p>Denton Park is the ideal site for this fantastic community facility. It is great to see an investment in our community and in the people who will use it.</p> <p>Denton Park is a central location and easily accessible by car, foot, bike, public transportation etc. Denton Park is located on a main route making it a visual attraction. This would result in higher usage apose to being tucked away out the back in Kyle Park.</p> <p>Denton Park is a location which would provide a community link as it is central to all communities and schools, without being in a location that services one more than the other.</p> <p>Denton Park is a safer location, being in Kyle Park would mean crossing a busy railway line, children would not necessarily take the designated route.</p> <p>Vulnerable older members of the community would get use out of this facility, Denton Park is easily accessible, it is flat and a safer environment to prevent slip, trips and falls.</p> <p>Denton Park is currently in a rundown state and requires constant maintenance. Buildings are consistently vandalised, there is poor lighting and transient people sleeping in the oval which creates an unsafe environment for all park uses.</p> <p>Denton Oval is often not in use, this is due to the poor drainage creating a 'boggy' centre. This is a wasted resource in its current state.</p> <p>CLUBS-The community would benefit from a multipurpose building that could be a multi sport complex. This is a thought shared by members across all clubs. [REDACTED]</p> <p>[REDACTED]</p> <p>[REDACTED]</p>

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
1864 <i>contd</i>							<p>being located at Denton Park.</p> <p>Hornby RFC - Clubrooms are poorly maintained and backroom requires a rebuild. Grounds are easily relocatable.</p> <p>Cricket - Member numbers are declining, clubrooms are rarely used, pitch is easily relocatable</p> <p>Soccer - Clubrooms located in oval are used for after functions only, they do not use the park at all.</p> <p>Netball/Softball - They use RFC Clubrooms for after functions, they do not use park at all</p> <p>Cycling-Only use velodrome not park and no clubroom facility onsite. They will soon be relocating to a new facility so will only use oval for training</p> <p>Housie-Only use building not park, easily relocated to another location</p>
1855	J M Gallagher			Yes	Denton Park		It will be very close for all elderly people and young that has been missing out of all the services in our centre a lot of sports clubs would be good at Kyle Park and Warren Park
1847	Peter Peart			Yes	Kyle Park		This is close to where I live and also close to public transport
1841	Jane Lamb			Yes	Denton Park		Works better with the existing shopping areas and has better access
1832	Bob Shearing	Hornby Community Care Trust	Chairman	Yes	Denton Park		
1827	Murray Holmwood			Yes	Warren Park		Or stay where it is
1781	Robyn Peart			Yes	Kyle Park		An underutilised area that has more potential for such a venue as it is close to many schools. Hopefully it will curb the crime issues.
1763	Treena Johnston			Yes	Kyle Park		Dont take denton park away...so next best option

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
1756	Kaye Banks	Hornby High School	Chairperson of the Board	Yes	Denton Park		<p>The Board of Trustees of Hornby High School met last Monday 8 May 2017 and discussed the South West Leisure Centre consultation document.</p> <p>The Board were in agreement with all the services being co-located on one site and felt Denton Park would be the best location from a transport perspective for our community.</p> <p>The Board were also very keen to ensure that local sports clubs are assisted with finding alternative accommodation or arrangement made for the clubs to be located within the same vicinity.</p> <p>Thank you for allowing us the time to put forward a submission and look forward to hearing about the progress</p>
1755	Timothy Elder			Yes	Warren Park		<p>This area provides the greatest space for development, being 155,296sqm. While it does not have current public transport to the same extent as Hornby mall, it does provide the opportunity for development. While it was stated that developing such services would begin to use the funds set aside for the development of the facilities, it was also stated that a co-located facility would reduce the yearly running costs by an estimated \$150,000 and due to the combined construction of the infrastructure required for the development, money could be saved for the public transport services. As well as this, it is also in an area of development. The Wigram area, the Halswell area and the Hornby area are all seeing development of residential areas focused on small commercial hubs. The Warren Park location would be at the centre of all of these areas, providing a location relative to all of these.</p> <p>The two closely located parks, Kyle and Denton are both congested areas. The traffic that flows through therein south road and the major northern roads are busy enough without the extra flow of pedestrians and the traffic that could be brought with people traveling to the area. Although the 'Hub' has had upgraded parking, it would not cater for the increase, nor is there space for increased development. Warren park however, does provide an opportunity for this development.</p> <p>One of the greater problems with Warren park is its current use. It is used for a variety of sports, however if it was taken into consideration that the facilities upgraded or provided space for these sports then it would be viable. For Football, there has been the recent football academy built down the road in Yaldhurst. Warren is also used for cricket, however so is Denton, so if Warren was the elected area for the facilities, then Denton could provide a space for cricket to be developed more.</p>
1749	Leong Ee Wong			Yes	Denton Park		Car Park is the issue and easy access
1735	Anthony David Wright			Yes	Denton Park		Denton Park's centrality, near the main centre of the suburb, on bus routes

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
1732	Jan Devereux			Yes	Kyle Park		Close to schools for their swimming lessons, and library facilities. Close to mall leaving Denton Park as outdoor sports centre
1731	Chris Devereux			Yes	Kyle Park		This is a good central location
1729	Rebecca Blair			Yes	Kyle Park		More room and easier access than Denton Park (my 2nd choice). Also close to home, so an easy walk with the kids
1727	Donnell & David Lang			Yes	Denton Park		Central to everything. Good access to great shops and bus services Good access to main roads A modest movie theatre would be great
1726	Douglas & Joy Walker			Yes	Denton Park		Integrating with Hornby Hub Mall an excellent idea
1724	Maureen Blanchard			Yes	Kyle Park		
1720	Patrice Jefferies			Yes	Other	The old South Hornby School	South Hornby School is moving to Aymes Rd. Why can you not use the old suit? Please don't take Denton Park away from us! My kids, my niece and all my nephews use that park with their sports clubs. We love that park!
1718	Lienno Wu			Yes	Warren Park		It's close to many suburbs, convenient to many residents.
1716	Adrian O'Connor			Yes	Kyle Park		because noone uses it and people already use the others
1711	Rebecca Blair			Yes	Kyle Park		More room and easier access than Denton Park (my 2nd choice). Also close to home, so an easy walk with the kids

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
1700	Alison Lynch			Yes	Denton Park	combined services	Near Hub, Bus routes, Government departments. walking distance of schools
1688	Francis (Frank) Lynch			Yes	Denton Park	Denton Park in front of the existing velodrome	Easy access via footpath, foot traffic, cycles, vehicles and public transport, the site is a 10 minute walk from the nearby Hornby Hub Mall. The main road frontage would highlight the buildings visibility and provide easy access for pedestrian and vehicular traffic. Existing sport activities could be relocated to other nearby parks within the general area.
1658	Sarah Wylie			Yes	Denton Park		Denton Park is well connected to bus routes and a natural hub for residents of the wider community. However to work well, and to meet the needs of existing users of Denton Oval, the only venue for track cycling in greater Christchurch and the best velodrome in the South Island north of Invercargill, attracting regular users from the West Coast, Timaru, Ashburton, Marlborough and Nelson district, all of who, contribute significantly to our Christchurch economy, the development needs to occur in a manner that does not compromise the current car parking. This is already very overstretched. The development needs to be undertaken in a manner which significantly increases car parking for users of the proposed facility and the existing Denton Oval, and controls use of this parking to exclude shoppers and workers from the adjacent retail development. The development also needs to be made in a manner which enhances safety and surveillance in the area. The existing car parks and the oval are frequent targets of theft and vandalism, both during daylight hours and at night. Track cyclists love cycling, but they need to drive to track because the bikes are not road legal, and riders need to bring a lot of heavy equipment with them (ergs, rollers, bags) making onsite parking essential. Denton Oval hosts New Zealand's premier summer cycling carnival and this is a huge event for cyclists who travel from around the country to race, and many, many spectators who come to watch. Parking is critical to the smooth running of such events. With great parking and good design, the proposal could work well in my view.
1621	James Harris	Community Development Network Trust	Manager / Hornby community youth worker	Yes	Denton Park	Denton or Kyle park	facilities must be centrally located within Hornby
1617	James Harris			Yes	Denton Park		These facilities must be located centrally in the Hornby area. There is a new redeveloped primary school and high school in close proximity to a large shopping centre. This needs to be centrally located.
1607	Emma Jack			Yes	Warren Park		
1603	Stephen Deans	Hornby Rugby Club	DIV 3 player and Junior Coach	Yes	Kyle Park		Denton Park has and should always be left for community sports (Rugby, Cricket, Softball etc.) Leave Denton Park ALONE

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
1597	Aidan Lake			Yes	Warren Park		Live close by Warren Park and would love to be able to send my daughter safely to use the facilities by walking, biking. Also the only negative against Warren Park is the lack of Public transport. At Denton many sports clubs are based and it is on a busy road. Kyle Park is a ex rubbish tip and would need costly remediation lessening the size of the facility.
1594	Megan Reid			Yes	Denton Park		We need something that is close to Hornby mall. Either Kyle Park or Denton Park are good locations as they are close to Hornby mall and the public transport options the mall includes. Either Kyle or Denton Park would help promote active modes of transport to access the new facility. Warren Park is too close to Te Hapua: Halswell Centre.
1590	Rachel O'Connor			Yes	Other	Kyle Park or Sockburn Primary School current site	Denton Park is on a main road, already has a lot of sports involvement there and history, and a real community between those sports clubs, separating them out between different sites would be harder for parents if you have children playing 2 different sports etc e.g rugby and Soccer you can drive to the same place and kids can split off for there own club rooms etc. That area is already to busy and dangerous for more children to be around that area. Kyle park is the best option yes I realise its an old dump but the facilities are inside and currently we have kids running around it now anyway. This way the library/facilities are closer for the Hornby High School / Primary School and 2 other schools very close. Warren Park already has to many sports already played there, not enough parking, no bus routes. Go to a site that is not already used and then you don't have to upset communities by trying to relocate sports facilities please.
1587	Amy Hartnell	Earthquake Disability Leadership Group (EDLG)	Projects Facilitator	Yes	Denton Park		Denton Park is in the appropriate zone to add value to the Hornby community. It is already used for recreational activities, close to existing infrastructure. More thought will need to be put into access and perhaps an alternative entry rather than Main South Rd. Accessible parking and drop off zones for those with mobility needs or parents dropping of students for sports needs consideration.
1583	Marc Duff			Yes	Kyle Park		<p>Firstly thank you for the opportunity to provide feedback on the New Hornby Library and Customer Services and the South West Leisure Centre</p> <p>Totally agree that Hornby should be the site for the South West Leisure Centre and Library/Customer Services and should be build all on the same site. In my opinion Hornby has long been the poor cousin in terms of council funding/facilities compared to other suburbs and these facilities will give the area a massive lift. Its interesting that noises are already being made by some people that the Pool should not be in Hornby, it is like the facility will be too good for Hornby. Hornby is a massively growing area and the gateway from the South.</p> <p>My preferred site is Kyle Park as it would go on land that is currently not used and would give the Council the opportunity to turn unusable land into productive land. Surely is the aim of the council to not have asbestos land sitting vacant and not usable but rather to remediate the land. To have asbestos so close to the local high school must also be an issue. To use the other two sites mentioned</p>

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
1583 <i>contd</i>							Warren Park and Denton Park would disrupt current sports users and both parks are well used by their respective sporting bodies. Placing the facilities at Kyle Park would also dramatically change an unsafe area at most times of the day to a much safer area and that is the underpass between Kyle Park and the Hornby Hub for people walking. There would be a dramatic increase in the foot traffic between the Hub and the new facility, this would I think take crime, graffiti away from this area.
1582	Lynlea Willan	Hornby Netball Club	President	Yes	Kyle Park		Parking will be easier to use, better location for schools to use, easier to get to.
1581	Dorothy Gooding			Yes	Denton Park		Within walking distance from my home
1580	Charlotte Evers			Yes	Kyle Park		It is the easiest location in terms of schools; it will cause less disruption to traffic flow; it presents an opportunity for the contaminated land to be remediated
1579	Josephine Ford			Yes	Denton Park		Central in Hornby. Easily accessible by bus or car
1578	Bev Hill			Yes	Denton Park		Close to the Mall, parking, public transport
1566	Phil Ainsworth			Yes	Kyle Park		Intruding into Denton Park will ruin the current sports that currently use this park.
1564	Craig Slight			Yes	Other	Old South Hornby School Site	Kyle Park does not have anywhere near the parking needed, Denton Park is already beside a busy max carpark used place, plus is too busy an area with kids potentially running around next to Main South road and Warren Park is too far way from most of the Hornby/Hei hei population its designed for, although it has the lowest impact on nearby residents/businesses than the other two. The old School site is close by but not in too busy a road area and within reasonable walking distance to The Hub and bus routes, plus us routes are reviewed often by council so what is not there now may be in the future. Any surplus land bought can be on sold or land banked for future social housing , plus a big carpark can be made off the road if there is that much land there so residents parking is not affected when the facility opens
1563	Mark MacManus			Yes	Kyle Park		Makes sense near the hub plus more unused room than Denton park
1561	Kendall Charles			Yes	Kyle Park		Ideally situated next to the bike park and the hub

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
1554	Mark O'Connor			Yes	Kyle Park		Not used for anything else room for parking
1546	Te Arna Millett			Yes	Warren Park		There is currently nothing on this site that is used by the community. You can't possibly take away Denton Park that is used so much and relied upon by people of all ages. Rugby, Netball, Soccer, Softball. Kyle Park is used by BMX teams and they heavily rely on this. It makes no logical sense to take away their sites!
1539	Mollie Howarth	Citizens Advice Bureau	Manager	Yes	Denton Park		
1508	Hannah Morgan			Yes	Denton Park		Denton Park has more visibility and should be easy for most people to get to, though traffic congestion in that area is a downside
1507	Polly Woodward			Yes	Denton Park		Close to the Hornby mall Hub, and Bus Transport available for all Senior Citizens, families without transport, plus security would be available.
1506	Trish King			Yes	Denton Park		It is closest to Hornby Hub and bus stop
1505	Wayne Woodward			Yes	Denton Park		Close to the Hornby Mall Hub, bus transport available for all
1504	Jennifer & Anthony Davis			Yes	Denton Park		Economically it makes sense to co-locate. Denton Park is immediately adjacent to bus interchange and major retail Hub & more visible
1503	Carol Heal			Yes	Denton Park		So handy to Hub Hornby very convenient to shops and buses all at one place not to far to walk
1502	John & Christine White			Yes	Denton Park		Handy to Shopping Centre parking biking and walking catered to.
1501	Liz McLennan			Yes	Kyle Park		The Cricket & Rugby Clubs have occupied Denton Park for a long time and should not have to move
1500	Suzanne Keats			Yes	Denton Park		It is a handy location for me to access, and is walking distance
1499	Dave Howell			Yes	Warren Park		This site would be more suitable to serve the large and increasing population at Wigram.

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
1498				Yes	Warren Park		Because there is a lot space out there to build it all
1497	Pauline Wilson			Yes	Denton Park		Good bus service for those without other transport, people will have more reason to go there with all the other shops etc & so more likely to use the library.
1495	Murray, Ena & Keri Robinson			Yes	Kyle Park		Kyle Park has better area to do what is required a wider deeper vehicle opening could be designed and built under the main south rail line also vehicle entrance off Waterloo Road, give access from the Hub side.
1448	Jeremy Field			Yes	Kyle Park		Underutilized currently and would disrupt less organisations
1446	Lynette Anderson			Yes	Kyle Park		I think it makes sense to put it where there is no one using the ground for anything else. Definitely no to Denton Park this ground is used for a big number of activities - (lots of sport summer and winter, children's play area, outdoor exercise activities all year round just to name a few) and to take a lot of the grass area from public & others uses would be a very very sad day for a lot of people in Hornby and other uses outside of Hornby please please leave our Denton Park alone.
1444	Stu Ward			Yes	Other	Wycola Park	No to Denton Park. It is already the heart of the community with so many sporting groups using it all year round.
1412	Jason Dorgan	Hornby rugby club	Run the touch and coach rugby for the club	Yes	Kyle Park		It is the only place to have the pool and library because all the other places that you have allocated to hard two move the rugby club, cricket club, netball club and all other clubs that are involved so that why Kyle park is the perfect place to put the pool and library it might be a bit dear to build but you can get started on building it straight away.
1409	Colin Wise			Yes	Denton Park		Denton Park is part of the Hub of all of Hornby and can be reached by all ages of people young and all. People can reach Hornby by bus, car and walking. Close to all schools for information while Warren Park is a long way from everything. Make this a place for sports grounds as people come to this by car anyway.
1402	Anna Scarlett			Yes	Warren Park		
1399	Mary Harrison			Yes	Kyle Park		
1398	Jess Hawkins			Yes	Kyle Park		
1393	D Apolosi			Yes	Other	South Hornby School as this is relocating	Prefect site great location

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
1391	Kay Herriott			Yes	Kyle Park		Traffic and parking is already dreadful at The Hub Hornby to the point that I very rarely go there nowadays as I can't be bothered sitting in traffic and fighting for car parks anymore so putting this into Denton park would only make traffic congestion worse. Warren park is too far away from all the other retail areas in Hornby, plus too far away from the bus exchange at the Hubb. Warren park is also only 5 mins from the currently Library, Service Centre and Pool area in Halswell, which seems really pointless to build another one so close. If it was in Kyle park the local schools could also use the pool easily, and also the sports clubs that currently reside in Denton Park. Public transport is then easily located at the Hubb Hornby, which is only a very short walk from Kyle Park.
1378	John Yin	Environment Canterbury Regional Council	Public Transport Operations Planner	Yes	Denton Park		<p>The Denton Park site has ready access to public transport. Currently, there is a pair of stops directly in front of the site on Main South Road. These stops are served by Yellow Line and Route 130. The Hub Hornby bus hub is also within 200 metres & walk from Denton Park. The Hub is served by Yellow Line, Routes 125, 130, 140 and 960. Together the bus services provide good connections to nearby suburbs including Hornby, Hei Hei and Islington, and beyond.</p> <p>The Denton Park location would facilitate easy access to the proposed community facilities. Compared to the other two options, it offers an attractive alternative to car travel and alleviates the pressure for on-site parking space.</p> <p>Therefore, Environment Canterbury considers Denton Park to be the preferred option for the co-location of the Hornby Library and Southwest Leisure Centre. The location would enable the proposed facilities and public transport to be mutually facilitative to each other in creating a civic centre for residents in the southwest of the city.</p>
1375	Viv McLare			Yes	Kyle Park		There is already far to much traffic congestion around the Hornby Hub and a serious lack of parking. Placing the Pool at Denton park will only add to it. Denton Park is the centre for many sports but Kyle Park is far under utilised and therefore the pool should go there which also places it with easy access for the 3 nearby schools. Why can't the library stay were it is?
1374	Monique Harding			Yes	Denton Park		Close to shopping centre, public transport and main travel routes
1370	Hayden Scott Kennedy			Yes	Kyle Park		It will Keep some of the traffic away from the HUB. Closer to the schools. A lot more open area to use that wont effect the sports grounds.
1368	Rachel Roberts			Yes	Kyle Park	Kyle Park	The Hub itself is too busy already. I live in Hornby and I avoid the place like the plague. By placing the facility there will increase the traffic and people 3 fold. I think by placing it in Kyle park, there is more room for the flow of traffic and also easy access to the mall. PLEASE DO NOT PUT IN DENTON PARK!!!!

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
1361	Marie Sargeant	Hornby RFC	Manager of U14s	Yes	Kyle Park		Its right across from the high school meaning the child would be able to use the facilities and most of Kyle park isn't use for anything.
1360	Kevin Bedford			Yes	Warren Park		Warren Park is a larger site to accommodate this facility
1353	Philippa Lynch			Yes	Denton Park		Close to Hornby Hub, easy access, easy for bus transport
1350	██████████			Yes	Warren Park		Warren Park has a lot of extra space that goes unused, the other parks are used quite often by community groups. Warren Park would be a great location as it is also close to Wigram Skies, as well as Hornby, therefore getting more business and income.
1290	Vicki-Jayne Anderson			Yes	Denton Park		The central location will ensure it is more easily able to be accessed by low income families in the area who will greatly benefit from the use of such facilities.
1276	William Dix			Yes	Kyle Park		Close to my house
1255	██████████			Yes	Denton Park		
1254	Saphire-Jade MacManus			Yes	Denton Park		Close to many different buses for easy transport.
1224	Megan Beaumont			Yes	Other	Sock burn school site	Sock burn school - Well seen location, enough space to expand in future and provide other services. Enough space for car parking and a great area to make a great feature and entrance to Hornby!!!
1222	Natalie Maxwell			Yes	Warren Park		Denton park already has three dedicated sports that call it home. Are you prepared to loose the purpose built cycle track and stands, rugby and soccor clubs for a south west leisure centre with limited parking when either option of Kyle or Warren park especially Warren park have larger grounds and established parking. What is the rationale for putting Denton park forward for consideration?
1214	Alesha Millard			Yes	Kyle Park		Kyle park is in the heart on Hornby without taking away Hornby rugby main grounds it is also adjacent to the high school and one of the primary schools in the area and still very close to the other primary schools

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
1198	Tracie Hanson			Yes	Kyle Park		Kyle park is sitting there with ample space being wasted, yes it needs ground remediation to be built on but in the long term it would be worth it. An integrated hub with car parking would fit in this space perfectly. It would be a shame for Hornby rugby and cricket to lose their grounds along with their history. Kyle park is across the road from two schools, schools which will only continue to grow in given time, the location is visible, it would be easily accessible to the public by public transport, biking or walking. Warren park has the space but it's too far out which makes it difficult for everyone to access and it would be tucked away from the public eye. Ideas: change the under-tunnel pass at Kyle park to an overpass bridge, plan to build the integrated hub two storey? so it's also visible from the mall/denton park side so people can see it and walk straight over the bridge to the hub whilst being safely seen. Install security cameras, an alarm system, could make the gym a 24/7 access gym which would mean people being around at all different times of the day and night, put a fence but not an enclosed one but one you can still see through around the hub with lockable/swipe card gates into building it would add a little bit more security as well as protecting gardens, a nice lawn lunching area? Hornby has the potential to be lose its old name and be made into an up and coming place to live and an admired integrated hub would be a great start!
1176	David Wong			Yes	Kyle Park		(1) Co-located save Investments and Operating cost. (2) Easy to manage and maintain. (3) Close to Hornby School (just like Riccarton Library close to Riccarton High has been a great success) (4) Close to Hornby Hub but not sharing the same road and therefore, less congested. (5) SH1 is already over crowded.
1174	Aaran Jack			Yes	Denton Park		Best fit for all of your stated aims. Meets the needs of the most people and is close to public transport links.
1166	Hayley Ronaldson			Yes	Denton Park		Because it would be a good idea
1163	██████████			Yes	Denton Park		It is close to home, shops and transport links.
1162	Evan Harris			Yes	Denton Park		It must be connected via Chalmers Street to the retail area adjacent. Many shop when they go to Library and service centre.

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
1161	Matthew Percival			Yes	Kyle Park	I prefer Denton park over Kyle Park as it is better located to the existing infrastructure services such as Bus, rail, Road and shopping centres	Operational savings of a combined facility make sense It would be very useful to compare pool facilities density per population in the Christchurch Area with that of Auckland or Wellington Kyle Park has a higher population density within a kilometer than the other two sites (see attached) it also could provide for a rail link to the Christchurch rail station, Lyttelton and Belfast areas Denton Park would rate next in line with Warren park third If Denton was selected the Velodrome could be relocated to Nga Puna Wai or Warren Park
1145	Victoria Moore			Yes	Denton Park		Make it one stop shop. Close to the hub
1144	██████████			Yes	Kyle Park		Beside Hornby High School
1143	Kaitlyn Chen	Kong Chen		Yes	Other		It is very good for the co-located library and customer service and the south west leisure centre here. Closed the Hornby hub also Hornby high school
1113	Luke Sheppard			Yes	Denton Park		It is close to public transport links, and accessible to all age groups.
1092	Sharon Karipa			Yes	Kyle Park	Closer to the schools	This would be easier access to the schools, St Bernadettes, Hornby Primary, Hornby High School and Gilbertthorpes Road schools are all on the same side of the tracks.
1058	Wendi Stewart			Yes	Denton Park		It is the most central point for Hornby and near the Hub and other services
1035	Tania Nutira			Yes	Kyle Park		Plenty of room available for a combined facility. Good visibility, with the opportunity to improve this even further. Handy for the community.
1026	Theresa Buller			Yes	Denton Park		I would like to see it close to the Hub to make it easier to do everything in one trip. However this will have a massive impact on the parking at the mall - I would hope that extra parking would be provided and the sports fields would be replaced elsewhere (perhaps at the Sockburn School site?).
1024	Patricia Alston			Yes	Denton Park		The central location with easy access to the Hub and bus exchange

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
1017	Erin Cowlshaw			Yes	Denton Park		Keeps everything nice and close and creates a hub much like what the council is looking for. Also ensures schools can benefit from it. No point spending money to acquire land - money can then hopefully be utilised to either help with potential congestion on Main south Rd or ideally put back into other facilities at Denton park such as the velodrome. Also don't want added traffic around my own home. Get enough randoms lurking (Drinking, lingering and general gathering) around Warren Park and the smaller one close by that any extra reason for them to be here is not wanted.
1005	Megan Chinnery			Yes	Warren Park		The other proposed sites are in an already busy area. Many will be put off visiting because of this. Warren Park is more residential so will be able to foster a sense of a true community facility more authentically. Warren Park is a nice park but is currently under utilised, especially in the winter when it is dark.
991	Jayne Yardley			Yes	Denton Park	It is in a central location	This a good location as it is close to all other facilities in Hornby.
990	Sarah Davidson			Yes	Denton Park		
988	Jane Dorgan			Yes	Warren Park		There is already far too much the traffic congestion at Hornby mall is really bad as it is, where are the fields going to be replaced at if at Denton
987	Marie Hanson			Yes	Warren Park		Would get better usage of all facilities and would mean overall cost to accomplish all objectives would be less. Better for community that it is integrated- more convenient
960	Stacey Holbrough			Yes	Warren Park		The cost sharing and savings
928	Sarah Nicholas			Yes	Denton Park		It is close to the heart of Hornby, building a sense of community in a growing area. The Hub is already a destination and the library/community centre would build in to that. Being on Main South Road it will be visible and easy to access.
890	Dawn Scoon			Yes	Denton Park		It is handy to bus service and means people who do not drive will be able to use easily

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
843	Sharlene Sallabanks			Yes	Warren Park		The mall at Hornby is already to busy with dangerous levels of traffic, causing congestion and stress. Despite the argument for hubs and visibility, those who wish to use libraries and pools will seek them out.
826	██████████			Yes	Kyle Park		Close to shopping centre and isnt out far away from Hornby (Warren park location) nor taking over well-used sports fields (Denton Park)
781	Carina Duke	Blind Foundation	Practice Advisor	Yes	Denton Park		<p>Denton Park is located adjacent to the Bus Hub which will make it more accessible for those who are unable to drive cars. It is closer in distance to the Bus Hub and Commercial facilities that people in the surrounding area use. Kyle Park is more complex to travel to and could involve more time on buses. The route does not comply with CPTED and there are known security issues. Travelling to this facility during low lighting or low pedestrian numbers would be perceived as unsafe. But if this site is chosen there will be added congestion issues. On the weekends traffic into Chalmers Street to access the commercial premises results in high volumes of queueing traffic around the lights. This creates issues for pedestrians walking to the facilities and there is no priority at driveways for pedestrians. The accessible routes for those using footpaths would need to be addressed. Many are currently not easily accessed due to design and widths.</p> <p>There is currently on weekends an over demand for car parking in the surrounding neighbourhood. Siting the facility here may lead to issues of non users using the available car parks or is there room to have use of the car parks in defined hours?</p> <p>A signalised crossing would be required and traffic management to deter use of Chalmers Street as a through route/short cut by drivers.</p>
712	Kelly Robinson			Yes	Kyle Park		Kyle Park is a good size. It is close to Hornby Mall so people can easily catch a bus. It is on a main road but it is not as busy as Main South Road so won't cause to much traffic congestion. And also it isn't messing with any sports clubs should it go there.
711	Rowena Clemence			Yes	Kyle Park		Close to 2 schools in the area.
708	Samantha Metcalf			Yes	Kyle Park		<p>There is so much potential for Kyle park, I think it is wasted.</p> <p>There is not enough parking at Denton park.</p> <p>Warren park is too far away from everything, you would get the same problem now of, Where is it</p>
707	Zane Eaton			Yes	Kyle Park

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
706	Richard Jefferies			Yes	Kyle Park		Kyle park is the better choice as it impacts far fewer local sporting groups Denton is used not only by rugby and cricket touch league softball karate soccer netball all use this park in some format as a coach of a team that uses this park I know 1st hand of the value to the community of these groups in helping kids grow and develop into confident people it's not just about the game it helps grow a sense of community
704	Roshean Woods			Yes	Denton Park		Denton Park and Kyle Park are both good options as long as existing sports facilities are improved or relocated nearby between Kyle and Denton Parks and sufficient car parking is provided. Originally I had thought Kyle Park would be best, however, seeing that the site may be contaminated and take more work to build, perhaps Denton Park is most suitable. It is near the central Hub in Hornby and other sports facilities. Care would need to be taken regarding access from the street.
702	Janette Park			Yes	Warren Park		Traffic and sporting issues rule out Denton Park. Kyle Park is a danger to health as my own family found out when playing sport there!
691	Tuan Truong			Yes	Denton Park		It's near my house and reduce crime at the underpass
690	Shontelle Codyre			Yes	Warren Park		I think the other sites would cause to much congestion if this went ahead on those sites. It is already congested around Hornby mall due to a poor layout
687	Helen Ritchie			Yes	Warren Park		Room for the facility not too far from Hu and parking wouldn't interfere with the hub too much con jesting round the hub now
683	Holly McLaren			Yes	Warren Park		Not Denton Park. Being at Warren Park will not add to the horrific traffic congestion already experienced in Hornby. This Park is under utilised
682	Scott Rushton	Rugby, softball,	Member kids play	Yes	Kyle Park		
680	Kazimir Podstolski			Yes	Denton Park		I believe Denton Park would be the ideal spot, it has enough area for a combined facility, and has excellent access to the surrounding community, being so close to the hub. Warren park would be too inaccessible for most.
677	Meredyth Anderson			Yes	Other		I believe that this is the most central site as I have lived in Hornby and Leeston and my son attended the BMX track at Kyle park.

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
674	Kristal Collie			Yes	Kyle Park		Kyke park because its still within the Hornby hub. I want to keep our sports grounds for the kids. Sports are the kids future.
670	Arahia Maea			Yes	Kyle Park		There are three schools that can utilise it and is very central. It won't cause too much disruption to sports as it is only cricket that play there.
667	Jess Dixon			Yes	Denton Park		Close to children to access from bus and schools.
665	Georgia Washbourne			Yes	Kyle Park		Close proximity to everything and it seems like a wasted park currently with barely any use other than the bmx track which is rarely used as well.
664	Nour Maache			Yes	Other	Sockburn School or Denton Park	Both Sockburn School and Denton are central to wider communities in Hornby, Hei Hei, Upper Riccarton and sprawling Wigram
662	Georgia Travis			Yes		Sockburn School	Plenty of existing parking, off road parking and central to Wigram, Sockburn and Horby and easily accessible from Hei Hei and Upper Riccarton
659	Sally Nutira			Yes	Kyle Park		Kyle Park is under utilised.
658	Nick Ross			Yes	Kyle Park		No sport is played there. Simple. We are a sporting nation! You surely can't build it on Denton park it is the home
656	Julie Taramai			Yes	Kyle Park		A space thats not used so much and is at good distance to link community schools and shops yet keep some maun traffice away if it was a Denton the roads would be worse by the hub mall altgo and entrance way from shops to kyle park would help link all together
652	Claire Hellyer			Yes	Kyle Park		Kyle Park is under utilised, is across the road from 2 Schools for easy access to Facilities, also Waterloo Rd could cope with more traffic unlike Main South Rd. It will also clean up to area by the rail underpass. Kyle Park is also very close to Bus Stops and eating establishments within and around the Mall. This area is long overdue for this development, but we also need to keep in mind the Denton and Warren Parks are fully utilised by Sports and Recreation, and there will be no where for these Clubs etc to relocate if Denton and Warren are chosen, so would effectively finish the Clubs.
650	Rose Nutira			Yes	Other	Either of the school sites or Broomfield Common or the park area at Wigram on Corsair Drive	Denton Warren Parks are both currently used as sporting grounds ... cricket, rugby, touch rugby etc. Currently parking is atrocious around Denton Park and unless the council are willing to build for parking (and manage it) then atrocious will become catastrophic. Best options are the abandoned school sites, with Broomfield Common & Wigram Park Corsair Drive possible wildcard options providing sufficient parking is included.

SUBMISSIONS RECEIVED ON HORNBY LIBRARY, CUSTOMER SERVICE AND SOUTH WEST LEISURE CENTRE - June 2017

QUESTION 1 – CO-LOCATION FEEDBACK

Submn ID	Name	Organisation name (if representing)	Role within organisation	a) Should the Library and Customer Services, and the South West Leisure Centre be co-located within an integrated Hub?	Please select one only	Please specify	Please provide your reasons for your answer:
648	Joanne Thomson			Yes	Kyle Park		Kyle Park is not really used much as a sports ground whereas the other two are also plenty of space available , is central to Hornby
645	Nicola Cole			Yes	Warren Park		Quiet and big location
643	Susan Butler			Yes	Denton Park		Easy access for those that are disabled and also close to bus hub and several bus routes so easier for elderly also
641	Jason Marsden	The Hub Hornby	Centre Manager	Yes	Denton Park		Good multiple access options from pedestrian to vehicle. Close to The Hub so adds to community amenity and shared use visits. Under utilised space at present, well overdue for upgrade.
640	Amy Rolton			Yes	Kyle Park		
635	Lorie Ashley			Yes	Warren Park		Huge park. Not on a busy main road. Nothing else happening on that side of Hornby.
634	Lesley McGuigan			Yes	Denton Park		Very close to the buses that come into The Hub at Hornby. It will be close to shopping, only one trip needed.
