Mr. H. J. Smith

Town Clerk. Chch City Council

Dear Sir,

I shall be glad if you will send and inspect the "Jungle" shooting gallery in Colombo Street opposite Broadways at the earliest possible opportunity

It is very dangerous to me as on a good many occasions bullets come right through into my premises which are immediately behind the targets

Saturday November 30<sup>th</sup> I called the proprietors attention to this and he promised to remedy the matter but today more bullets came through, one going right through a picture on the opposite side of my building 15 feet behind his targets.

I cannot feel safe until you compel the proprietor (Mr Peard) to put in steel plates which will be beyond doubt bullet proof.

Yours faithfully

T. H. Hensman
