**Discounted recreation opportunities throughout
Canterbury for disabled people**

What is the KiwiAble Leisure Card?

The KiwiAble Leisure Card offers discounted recreation, sport and leisure opportunities to disabled people in the greater Canterbury area. It aims to reduce some of the barriers when it comes to participating in recreation. There are currently 30 places that support the card by offering card holder discounts. This number will increase as the city rebuilds and more opportunities become available.

Why should I get a KiwiAble Leisure Card?

- The card offers discounts of between 10% – 50%.
- If you require support to do activities a number of places offer a discount for the support person, or in some cases the support person is free.
- Research shows you will enjoy life more by getting out and being active.
- Chances are you will meet new people.
- You can learn some new skills.
- You will have fun!

“I like activities that get me out with other people.”

Terms and conditions

Definition of a support person: A support person is someone who helps you do activities that you would otherwise find difficult to do. They must be a responsible person and could be a friend, family member or community support worker.

Some things they could help you with include: transport, getting changed at a gym or pool, assisting with communication or using equipment. It is possible to need a support person for some activities (eg. swimming), but not others (eg. movies), but some people may need help most of the time.

It is requested that you don't use the support person discount unless it is essential for the activity. Staff may ask for brief details on the support that is needed.

KiwiAble Youth Card

Once a person turns 16 you need to apply for an Adult Card. We will send you a letter to help you do this. You will need to send confirmation that you are still eligible for a card. In some circumstances card holders will continue to get Child Disability Allowance so will stay on this card until they get another benefit or turn 21.
