

Canterbury Agricultural Park

Historically, this park has been used by many agricultural organisations. As a multi-use facility it is important to be courteous to all park users.

Other users, including **Riding for the Disabled**, require the roads to be kept clear during weekends. When cars park along the narrow roads then horse floats can't pass. Unauthorised vehicles in the reserved areas shown on the map will be towed.

Available parking

Parking reserved for **Riding for the Disabled**
Saturday and Sunday
