In keeping with the natural setting:

In all other parks please be responsible for your rubbish and take it home with you if bins are full.

Further conditions and information specific to:

Bouncy castles and gazebos

- Bouncy castles are not permitted in regional parks with exception of approved community events.
- Please be aware that all events that include the use of a bouncy castle or gazebo where pegs or stakes are put into the ground require public liability insurance. This is because there is risk of puncturing pipes or cables and causing damage.
- It is the event holder’s responsibility to ensure that they or the bouncy castle operator holds $1m of public liability insurance. We recommend the event holder asks the bouncy castle operator for a copy of their public liability insurance certificate. If the operator cannot provide a copy of their insurance certificate, we require the event holder to purchase the insurance.
- The event holder must have a copy of the insurance certificate with them during the event so that if required, it can be presented to a Council officer.
