Dear

Wainui Wastewater Reticulation and Treatment Scheme – options

Thank you for making a submission to the Wainui Wastewater Reticulation and Treatment Scheme consultation. All responses have now been analysed for a report to be considered by the Infrastructure, Transport and Environment Committee at its meeting on 4 June 2015. The Committee will make its recommendation which will go to Council in late June for its decision.

The staff recommendation is:

- It is recommended that the Committee receive this report and that the Committee recommend to Council that a decision on when to implement Stage 2 of the Wainui Wastewater Scheme be made by the full Council following verbal submissions to the Council as part of the Long Term Plan process.

Consultation feedback

All submissions (including names/addresses of submitters, as advised in the consultation booklet), along with project team responses to each submission are available to view online at www.ccc.govt.nz/wainuiwastewater. If you are unable to access this information online please contact me and I will arrange for a printed copy to be posted to you instead.

Summary of feedback

Decision making process

A report seeking a recommendation to Council from the Infrastructure, Transport and Environment (ITE) Committee, will be presented to the Committee at its meeting on 4 June 2015, with the meeting starting at 8.30 am. The meeting is a public forum and anyone is welcome to attend and listen.

We have previously advised that deputations (submitters speaking to their submission) would also be heard at this meeting, as well as via the Council LTP (Long Term Plan) process. However the decision has been made to consider all requests to speak through the LTP hearings - this will ensure that Council decision makers will have heard all submitters speak via one process prior to any decision being made.

If you would like to be part of the LTP hearings process and speak about this project, and you have not already indicated this on your feedback form, please contact the Hearings Team Leader Megan Pearce at megan.pearce@ccc.govt.nz or on 941 8140.

A decision on this project will be made by the Council at its LTP decision making meeting in late June 2015 after the ITE Committee have made its recommendation to Council. All submitters will be notified of the details of this Council meeting once it has been confirmed.
