

Christchurch City Council

Electing the Mayor

Darryll PARK

Independent Move Christchurch Forward

My principal place of residence is in the Christchurch City Council area.

Darryll Park is one of Christchurch's most prominent businessmen. He was the CEO of Christchurch & Canterbury Marketing Ltd, helping to reposition Tourism under the government

Tourism 2010 Strategy, a past board member of Civil Aviation Authority & Aviation Security Services, two government agencies.

Currently, Mr Park is the co-owner of Oxford Management Services, a property development and management company supporting hospitality, Chair of Mondo Travel Group, a Director of the Canterbury Rugby Union and the Crusaders.

Darryll is campaigning on a strategy to 'Move Christchurch Forward', with a focus on common sense, a back to basics approach and finding a better way to take action.

He wants to return public trust to Christchurch's local leadership, with his key focus on water, rates, tourism and infrastructure, insurance, sustainability, institutions and events, crime and communities.

If elected, Mr Park will stand aside from his current business interests and governance roles.
