**Holly CHAPPELL-EASON**

My principal place of residence is in the Innes Ward of the Papanui-Innes Community Board area.

As a proud 5th generation Cantabrian I'm driven to make a difference in our city. The opportunity to help make our community vibrant, active and safe is an exciting prospect.

A strong community board should embrace diversity, sports, family, culture, public spaces and community groups. We need chlorine-free water and safe streets; a balance of pedestrians and cars, and functioning public spaces. We are a diverse and thriving community. We should be celebrating all of the different passions we have - what's important to us. Let's make Papanui-Innes ward a place we are proud to call home. After living and working all over New Zealand it felt exciting and necessary to move home to Saint Albans, to start my family here, to be an active part of the rebuild. Make sure your vote counts - a vote for Holly Chappell-Eason is a vote for you and your family's future.
