Simone Rewa PEARSON

Independent

My principal place of residence is in the Central Ward of the Linwood-Central-Heathcote Community Board area.

I am business development manager for a Christchurch owned IT company.

I have lived in Christchurch all my life and in central city for over a decade. We are a family of four, with two teenagers. I care about the quality of life in central Christchurch and have worked actively over the years to improve our area. Together with other residents we have lobbied for; the development a local park (for which I was recipient of a Community Service award in 2014), reinstatement of the central city shuttle, and unsuccessfully, the repair of Centennial Pool. Representing you will enable me to bring my experience in our area into local decision making at our community board. I have also worked in senior roles for the Christchurch City Council. I am currently a central city representative on the Central City Development Forum and was a board member of our local primary school.
