My principal place of residence is in the Wairewa subdivision of the Banks Peninsula Community Board area.

I am a resident of Little River/ Wairewa and ask for your vote to effectively represent you on the community board. I am involved with several local volunteer groups and believe I can bring sensible, practical skills to the committee.

As a small, seasonal business owner, with a determined attitude, I have the time and flexibility to make our issues a priority for the council.

These include road safety, flood mitigation, preservation and management of our historic buildings, financial support for our volunteer organisations, public transport and water management.

We have plenty of skilled, innovative residents with expertise who know our issues and can solve many of them. Projects should be managed in a cooperative way with the local community, saving council money and keeping our economy prosperous.

As your advocate I would make sure we are heard loud and clear and that concerns are dealt with efficiently and effectively.
