

Christchurch City Council

Burwood-Pegasus Ward

Electing 2 Councillors

David EAST

Independent

My principal place of residence is in the Burwood-Pegasus Ward area.

Elected three times to the Community Board, Chairman 2007 -10. Experienced in Local Body governance.

Major focus points

Infrastructure repair - Supporting the programme, advocating for changes where necessary

Aquatic Facilities/Water Park - As one of the proponents for the Water Park, I'm adamant that facilities to replace QEII are first class and add a wow factor to the rejuvenation of New Brighton / the Ward.

TC3 issues - Advancing TC3 issues-Insurance, land remediation, foundations, infrastructure repair.

Red Zone Land - its future.

Promoting aquatic recreation, cycle ways, wetlands restoration, stormwater retention, parks & reserves. - Vision the place where the City comes to play.

Collaboration with fellow councillors and interest groups is essential in attaining a productive Council output. I believe I have the experience and ability to work collectively with all elected members for the greater benefit of our Ward and our City.
