

Christchurch City Council

Burwood-Pegasus Ward

Electing 2 Councillors

Glenn LIVINGSTONE

The People's Choice - Labour

My principal place of residence is in the Burwood-Pegasus Ward area.

A current Councillor, I seek your vote for re-election. Following the big quake, I used my experience as a Presbyterian minister in working alongside community leaders, getting resources for North New Brighton, helping set up the Dallington community hub, and arranging portaloos for Horseshoe Lake. Visiting hundreds of damaged homes made me aware of insurance problems. As a result, I promoted an insurance advocacy service, which is now operating. I also initiated housing summits and promoted the concept of affordable sections. I am committed to speeding up the rebuild of Council housing and to providing land where people can relocate sound houses. I have promoted a Council tender policy and will continue to insist that Council decision-making is open and management accountable. A four-time Coast-to-Coast competitor, I support the vision of the Avon/Otakaro River corridor, the redevelopment of New Brighton, and a water park in the east to replace QE2.
