

# Christchurch City Council Fendalton-Waimairi Community Board Electing 5 Board Members

---

## Val CARTER

iCitz - Independent Citizens

*My principal place of residence is in the Fendalton-Waimairi Community Board area.*

For the last two terms I have been an effective Chairperson of the Fendalton/Waimairi Community Board. My experience, combined with my strong commitment to our community, makes me an

approachable and compelling advocate for our community.

The earthquakes changed needs and concerns in our community. The Community Board has an obligation to play an active role in the recovery of our community and its assets after the earthquakes. That active role should include lobbying for the re-establishment of the Bishopdale library and community centre, reacting to changing traffic patterns and implementing solutions to alleviate parking congestion.

Also, I feel strongly that the Board needs to pay attention to business as usual matters. In particular, it is important that the board allocates funds effectively and appropriately, promotes safety around schools and maintains parks and community facilities.

Vote for me so that I can continue to work hard to represent your community.
