

Register of Industrial and Trade Activities

This register was adopted by a resolution of the Christchurch City Council on 9 June 2022, under clause 26 of the Stormwater and Land Drainage Bylaw 2022.

Category	Activity or Process Description	Site Area Threshold ¹	Compliance Timeframe (months) ²
Agricultural support industries including feedstuffs	Livestock dip and spray race operations	Any	12
	Fertiliser manufacturing, storage or handling	1,000m ²	12
	Agrichemical handling		
Chemical industries	Livestock/pet food manufacturing, storage or handling (non-retail)	Any	12
	Battery manufacturing		
	Pesticide, timber preservative or related product manufacturing		
	Acid, alkali or solvent product manufacturing	500m ²	12
	Cosmetic, toiletry, soap and other detergent manufacturing		
	Explosive and pyrotechnic manufacturing		
	Paint, pigment, ink or dye manufacturing		
	Polish, adhesive, lubricant or sealant manufacturing		
	Synthetic resin manufacturing		
	Industrial gas (e.g. bottling)		
Medicinal, pharmaceutical or veterinary product manufacturing			
Vitamin, supplement or other nutritional product manufacturing			
Raw fibre or textile dyeing			
Other chemical product (e.g. fibreglass, reinforced plastic) manufacturing			
Animal transfer and processing industries	Tanneries, fellmongers or fisheries	Any	12
	Rendering or fat extraction		
	Wool or fleece production (e.g. scouring, carbonising)		
	Manufacturing, storage or handling non-food products derived from animals (e.g. gelatin, fertiliser)	1,000m ²	12
Electronics, photographic and optical goods industries	Slaughterhouses	500m ²	12
	Circuit board manufacturing (excluding assembly only)		
	Photo processing		
	Photographic equipment manufacturing		
Food and beverage industries	Optical goods manufacturing	1,000m ²	12
	Bakery product manufacturing		
	Beverage or malt product manufacturing		
	Flour mill or cereal manufacturing		
	Animal products including seafood and dairy manufacturing		
	Oil or fat product manufacturing		
Other foodstuff manufacturing			

¹ Properties not meeting these thresholds are not required to apply.

² Applies from the date the Stormwater and Land Drainage Bylaw 2022 comes into force.

Category	Activity or Process Description	Site Area Threshold ¹	Compliance Timeframe (months) ²
Landscape and garden suppliers	Soil or compost storage and handling	1,000m ²	12
	Mulch or aggregate storage and handling		
	Potted plant storage and handling		
Machinery and equipment manufacturers and workshops	Machinery or equipment manufacturing	500m ²	7
	Motor vehicle or parts manufacturing		
	Engineering workshops		
Non-metallic mineral industries	Concrete batching plants	Any	7
	Cement, lime, sand, gravel, rock and associated products manufacturing, handling or storage	500m ²	7
	Clay, gypsum, plaster and associated products manufacturing, handling or storage		
	Glass manufacturing or cutting	1,000m ²	7
Metal industries	Metal finishing (e.g. plating, anodising, polishing)	500m ²	7
	Metal blasting or coating (excluding spray painting)		
	Ore refining	1,000m ²	7
	Metal processing (e.g. smelting, casting)		
	Metal manufacturing (e.g. sheet and structural products)		
Petroleum and coal product industries	Bitumen/asphalt product (e.g. premix, hot mix, roofing supplies) manufacturing	Any	7
	Hydrocarbon refining or manufacturing (e.g. oil, grease, fuel)		
	Coal and/or coke product manufacturing		
Printing and publishing facilities	Printing or publishing	1,000m ²	7
Bulk storage and handling centres	Chemical storage and handling	1,000m ²	12
	Hydrocarbon storage and handling (excluding service stations, truck stops and commercial refuelling facilities).		
	Pesticide storage and handling		
	Explosive and pyrotechnic storage and handling		
Waste management and resource recovery industries	Automotive dismantling	Any	7
	Battery recycling or disposal		
	Chemical including hydrocarbon recycling, reuse or disposal		
	Liquid waste treatment, recycling or disposal		
	Solid waste handling or disposal (e.g. landfills, waste transfer stations)		
	Explosive recycling or disposal		
	Crushing, grinding or separation works (e.g. metal, slag, road base, demolition material)		
	Non-metal recycling (e.g. composting, glass, paper, paperboard, electronics)		
	Tyre recycling or disposal		

Category	Activity or Process Description	Site Area Threshold ¹	Compliance Timeframe (months) ²
Rubber industries	Tyre manufacturing or retreading	500m ²	7
	Synthetic rubber manufacturing		
	Other rubber product manufacturing		
Land, water and air transport and related industries	Service and refuelling facilities	Any	7
	Depots <i>with</i> mechanical servicing		
	Boat or ship construction, repair or maintenance	1,000m ²	7
	Depots <i>without</i> mechanical servicing		
	Railway workshops		
Airports			
Washdown facilities (e.g. carwash)			
Wood and paper industries	Timber treatment	Any	7
	Treated timber storage	500m ²	7
	Log storage yards (outside of forested areas)	1,000m ²	7
	Plywood or veneer manufacturing		
	Particleboard or other wood panel manufacturing		
	Pulp, paper or paperboard manufacturing		
Building products fabrication (e.g. truss and frame)
