

Variations between assessments of services and the services in the Long Term Plan

Wastewater

Variation	Long Term Plan consideration	Explanation
The services in the Wastewater Service Plan do not include any specific reference to privately owned systems (e.g. septic tanks)	All measures in the Long Term Plan refer to the Council's wastewater systems only	Issues surrounding privately owned systems are best dealt with through resource management processes
The Council does not propose to extend the Wainui wastewater scheme	The capital programme in the Long Term Plan does not include funding for extending the Wainui wastewater scheme	The Council is facing large and costly challenges and so improving levels of service are generally not included in the Long Term Plan

Water supply

Variation	Long Term Plan consideration	Explanation
The services in the Water Supply Service Plan do not include any specific reference to privately owned systems	All measures in the Long Term Plan refer to the Council's water supply systems only	Issues surrounding privately owned systems are best dealt with through resource management processes

Solid Waste

Variation	Long Term Plan consideration	Explanation
The services in the Waste Management and Minimisation Plan 2013 does not include a new inner city collection service	A new inner city collection service is included in the capital programme in the Long Term Plan	This has been added to provide effective solid waste services to the central city
