NOTES

- ① Prune trees to approximately 1m up above ground level to retain views in and out of the park (this may also include the removal of species not doing well). Thin large groups of trees as required.
- ② Remove the entire shrub bed and reinstate grass.
- ③ Trees around the perimeter of the Tennis Club are to be retained. If any removal is required at any stage consult with the Tennis Club.
- ④ Trees in front of the tennis courts require thinning and pruning to approximately 1m up above ground level to retain views in and out of the park. Consult with the Tennis Club on all work in this area.
- ⑤ The existing wooded area contains a mix of trees which includes 38 notable trees. Species include Ash, Cedar, Cypress, Douglas Fir, Elm, European Beech, Lime, Oak, Redwood, Sycamore and Yew. All the trees are to be retained and maintenance undertaken as required.
- ⑥ All trees and planting adjacent to and along Waimairi Stream will need maintenance, this is to include:
 - Thinning;
 - The removal of small shrubby trees;
 - The removal of undergrowth and
 - The removal of any trees not doing well - large specimen trees are to be retained. This will improve sightlines through the central area of the park.
- ⑦ The area around the old council nursery house will need extensive maintenance (including removal).
- ⑧ All trees and planting around the existing playground area and Lions Club will need maintenance.
- ⑨ When the existing macrocarpa hedge is due for renewal, replace with a lower growing hedge, possibly alternating with pool fence sections to improve sightlines to / from playground while retaining some shelter.
