

10 June 2015

Works Notice Update

Colombo Street, Lichfield Street and Tuam Street

What: An update on the *An Accessible City* travel network project works.

When: Works completed in May and planned for June.

Where: Colombo Street (from Hereford to Asaph streets), Lichfield Street (from Colombo to Manchester streets) and Tuam Street (from Colombo to Durham streets).

Works Completed:

Colombo Street

- Street trees have been removed and hydro excavation is underway to remove the old tree stumps that are wrapped around services. The life of these trees was limited and critical services were also at risk from the roots
- Kerbs have been removed from St Asaph Street to Tuam Street
- Stormwater pipe and sumps have been installed from St Asaph Street to Tuam Street on both sides

Lichfield Street

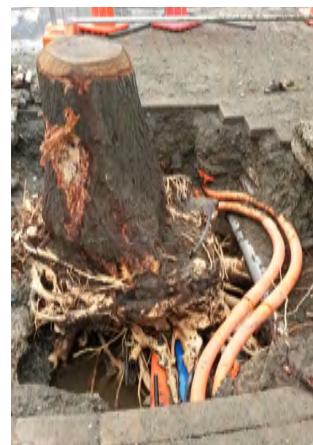

- The Bus Interchange is now open and the main works have been completed on Lichfield Street
- Lichfield Street is now two-way from Manchester Street to Colombo Street

Tuam Street

- Buses are now using the new entrance to the Bus Interchange
- A new cycle-way is installed with new signals
- Work is now underway on resurfacing Tuam Street (from Colombo Street to Durham Street)

Planned Works for June

- Colombo Street St Asaph Street intersection—start works on new traffic signals ducting and poles
- Colombo Street from St Asaph Street to Tuam Street—place new kerbs
- Colombo Street from Lichfield Street to Cashel Street—remove old tree stumps, kerbs and pavers
- Confirm a programme for works with all affected parties on the Cashel Street to Hereford Street section
