

We're working in your area

Coastal Pathway - Moncks Bay

What	We'll be maintaining a temporary traffic management layout
Where	Pump station, Main Road to Shag Rock
When	From Monday 30 May for approximately 6 weeks, between 7am and 10pm
Contact	Fulton Hogan on 0800 7623 34 (0800 ROAD FH) (Mon - Fri, 8am - 5pm) or email cant.info@fultonhogan.com . Please call us out of hours if the matter is urgent.

What are we doing?

Over the last two weeks, we have trialled different traffic management set ups, and in tandem with reviewing the results from the local communities, we have adjusted our methodology and programme. Due to the impact on traffic being less than anticipated, we have elected to work extended daytime hours which in turn, reduces the disruption to nearby residents overnight.

From Monday 30 May, for approximately 6 weeks, we will continue upgrading the underground services in the road. Traffic will be reduced to one lane and controlled by traffic lights, between the hours of 9am and 7pm, Monday to Friday. Two way traffic will be reinstated outside of these working hours.

Traffic Impacts

Traffic will be reduced to one lane, and controlled by traffic lights between the hours of 9am and 7pm, Monday to Friday. Our traffic management team will be actively monitoring the delay times and should they exceed roughly 15 minutes, two lanes of traffic will be restored.

A variable message board will be located at the Ferry Road roundabout displaying live commute times via both Main Road and the alternative route via Lyttelton (shown on the next page).

Please be on the lookout for changes to the traffic management and follow the signs. In some locations, cyclists will merge with traffic so please be patient and keep an eye out for other road users.

Our friendly on-site staff can also assist with any queries. Driveway and pedestrian access will be maintained around our work site. The speed limit around our work site is 30kph. to keep our workers safe.

Thanks for your patience as we work in your area

Noise

There may be increased noise, dust and vibrations during work but it shouldn't impact on your power, water, gas or phone services.

Safety

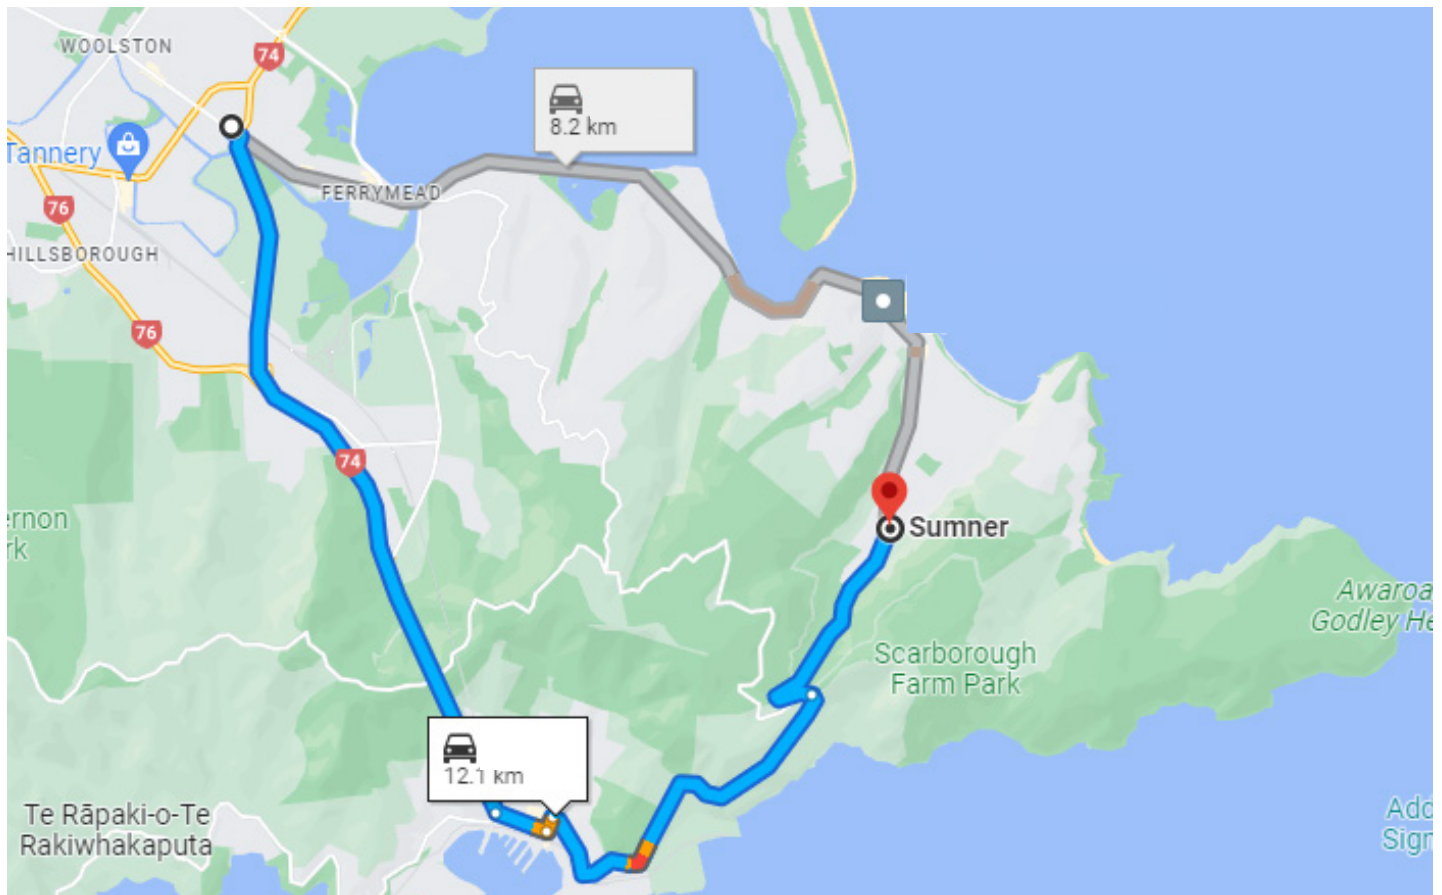

Safety is our biggest priority so please keep children and pets away from worksites.

Drop In Sessions!
Come and have a chat every
Tuesday between
10am - 11am and Thursday
between 12pm - 1pm.
Upstairs at the
Christchurch Yacht Club.

If you would like to receive
updates about this project,
please email
cant.info@fultonhogan.com
with the subject 'Coastal Pathway'.

Installation of the water pipes on Main Road

We are doing our best to give you accurate timeframes but unforeseen issues like weather, buried obstructions and unknown services can make work take longer. Alternately, sometimes we find ways to speed up, which means we may carry out some works sooner than expected - and be gone sooner!
