

## Riccarton Area- Roadworks Restrictions

---

### Background

Due to the intense work packages that are currently underway in the Riccarton area it has become necessary to place restrictions on other works that may impact on the functionality and accessibility of the transport network in the surrounding area.

### Restrictions to be implemented

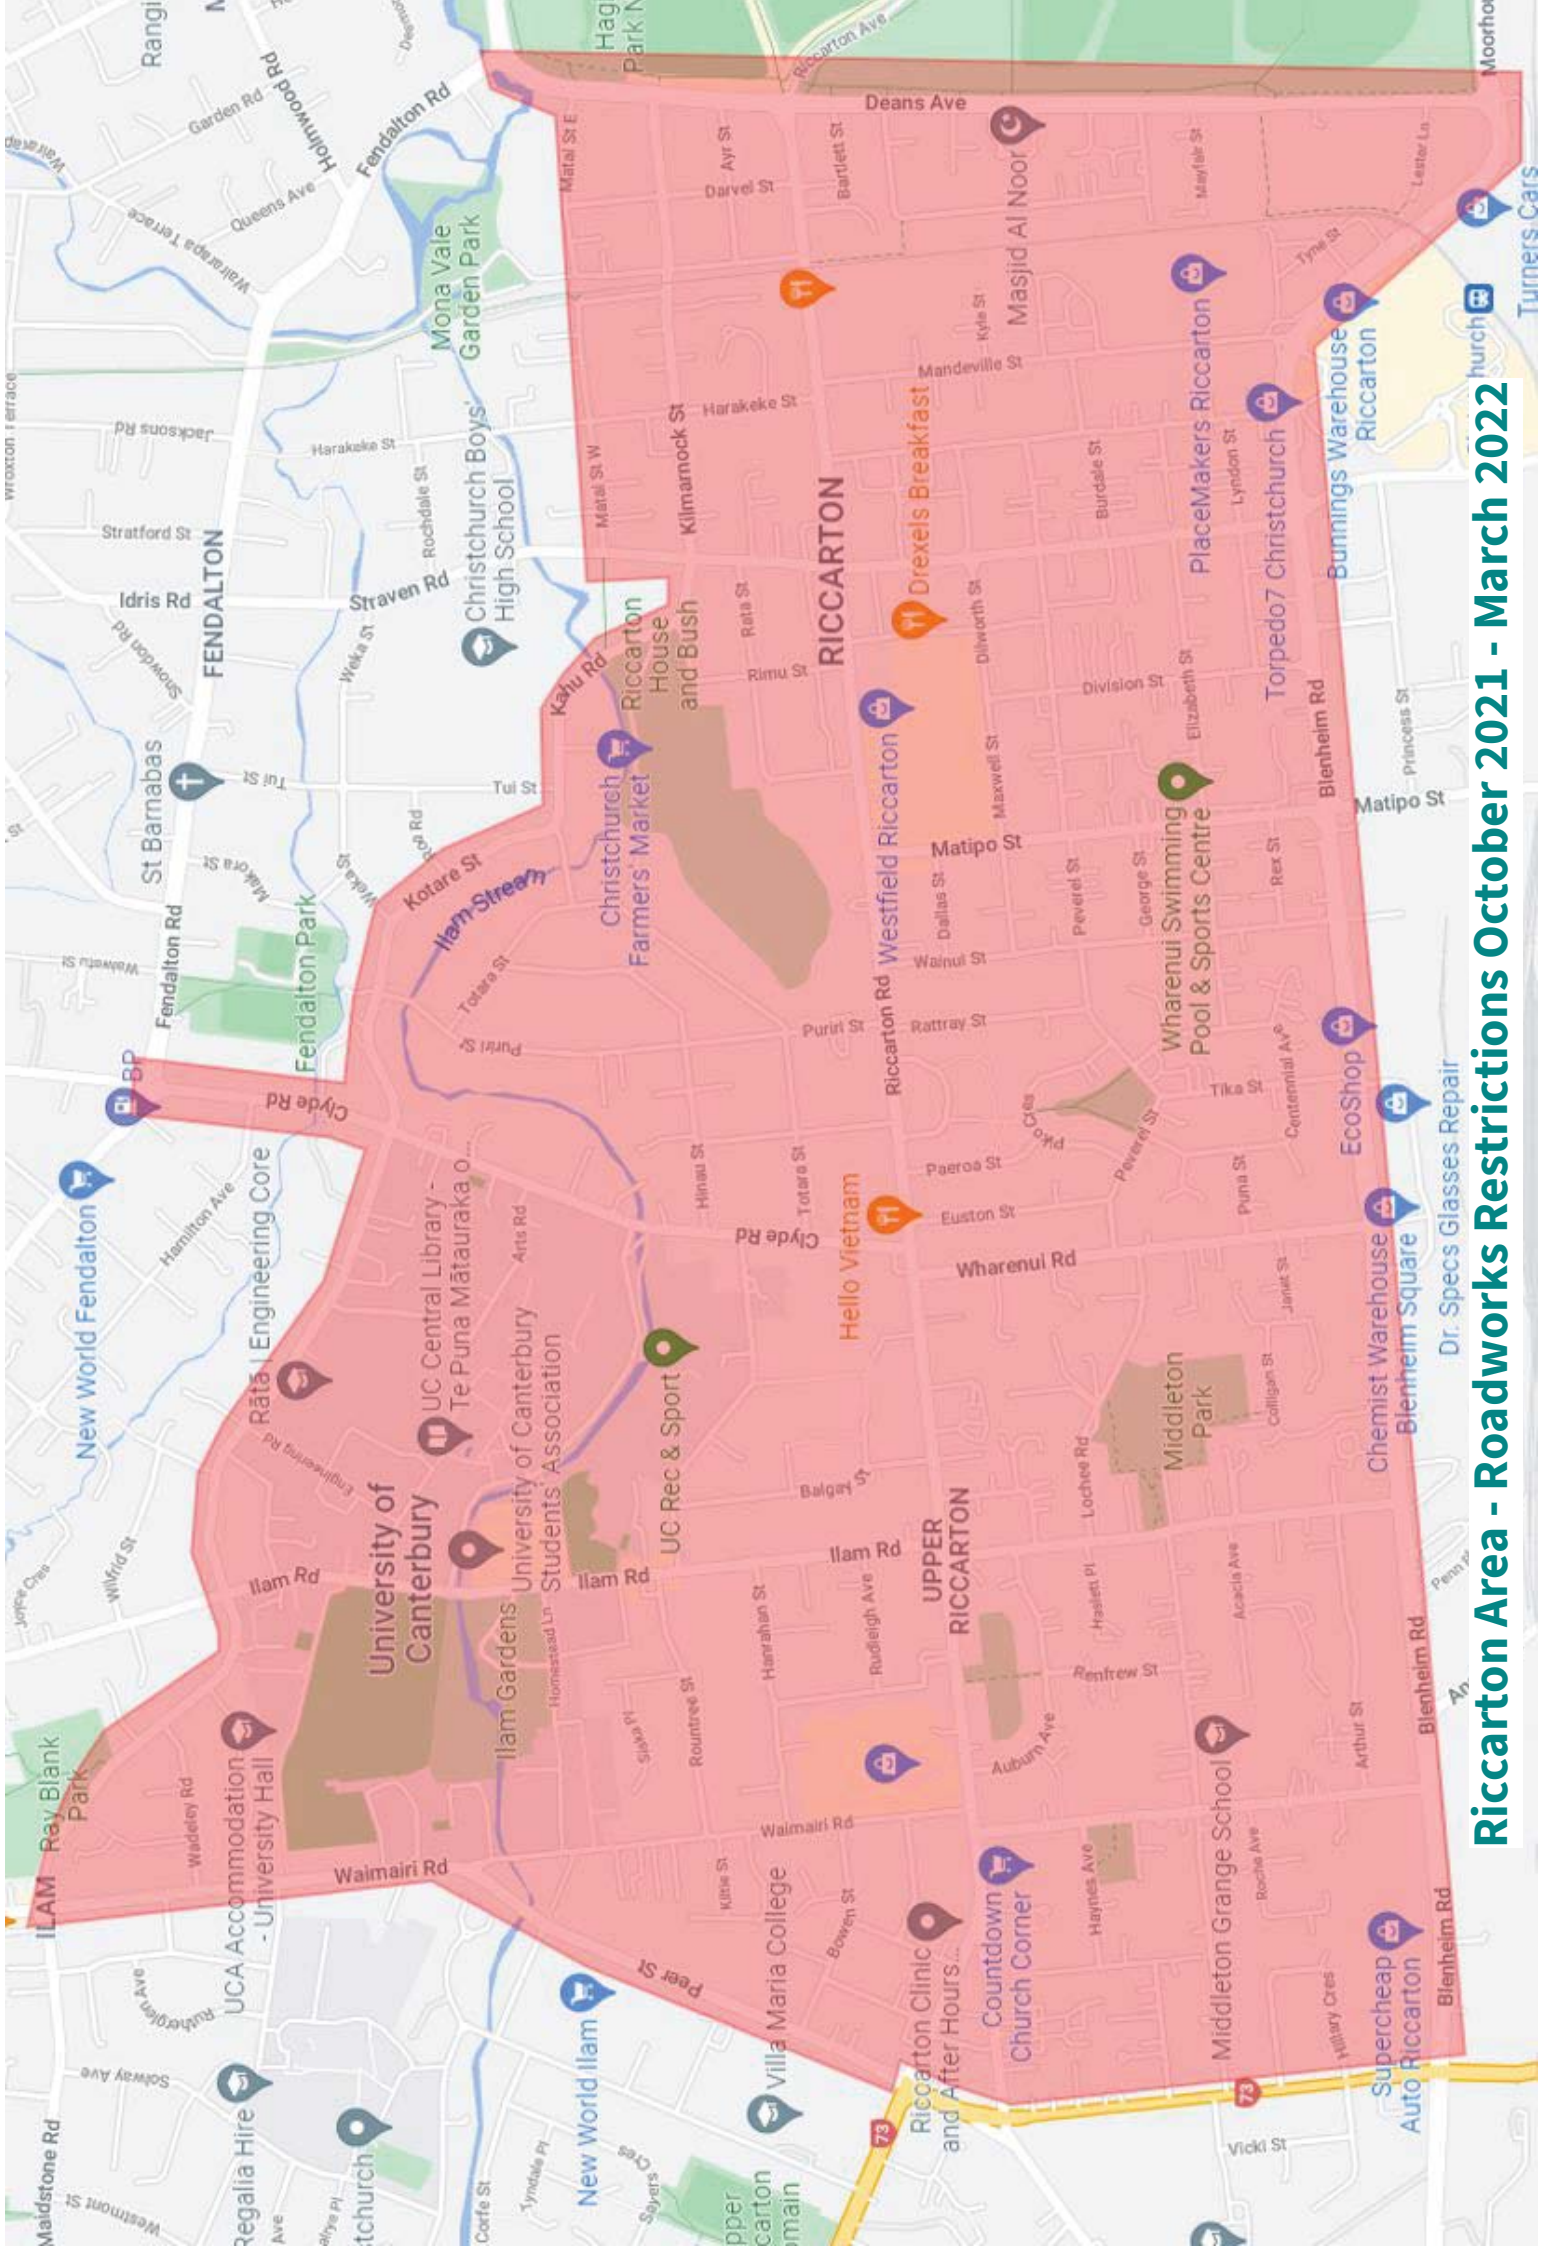

- As part of these restrictions the ability to utilise Generic Traffic Management Plans (GTMPs) will not be an option within the area detailed on the map below. An accepted Site Specific Traffic Management Plan (TMP) or a Road Space Booking (RSB) will be required to utilise GTMPs in this area.
- Contractors with existing sites may be asked to reduce the impact or remove their site, a Temporary Traffic Management (TTM) Team member will make contact with contractors should worksite amendment or removal be required.
- Work activities may be permitted to continue where specific permission has been granted by a member of the CCC TTM team. Please contact the CCC TMC mailbox to request permission.

### Restriction Dates

Restrictions apply to any works that are applied to be in place from 28 October 2021 through to 6 March 2022.

For any enquiries please contact the TTM team via [TMC@ccc.govt.nz](mailto:TMC@ccc.govt.nz)
